Work begins on Minden official plan

Public asked for input during year long process leading to approval

Work has begun on a \$29,830 study that will lead to the adoption of an official plan for Anson, Hindon and Minden Townships.

Robert Lehman Planning Consultants Ltd., of Barrie will carry out the study in conjunction with Woods Gordon management consultants and Bird and Hale Limited, consulting engineers and biologists.

Some 26 topics will be examined in the background studies which are currently underway. Once the studies have been completed, alternatives will be reviewed with coun-

cil. A draft plan will then be completed and submitted to various government agencies for review. The completed plan should be approved by September of next year if the consultants can meet the schedule set out in their tender proposal.

Public meetings will be held when the background studies have been completed and when the draft plan is ready for agency review. As well, the consultants will meet regularly with council over the 54 week long project.

Seven special studies will be car-

ried out during the background stage, and these are expected to be of particular interest to council and the public, since they will focus on key planning issues.

One study will look at the issue of converting cottages to permanent residences. It will include a map detailing the general extent of permanent versus seasonal waterfront development in the municipality; a map detailing those areas of waterfront which are unsuitable for further development based on an environmental analysis of terrain

capacity and lake water quality; tables describing the degree of cottage conversion that has occurred over the past five years; an estimate of the financial implications to the municipality of increased costs resulting from cottage conversions; and a summary report together with an analysis of the options available to the municipality in dealing with cottage conversions.

A second study will examine the engineering, financial, legal and planning implications of development on private roads, and the various means of financing the costs of assuming roads into the municipal system.

The consultants also intend to provide the municipality with specific guidelines for municipal capital expenditures. The guidelines will include a review of the cost efficiency of upgrading existing roads versus the long term maintenance costs when roads are not upgraded.

A fourth special study will look at the capability of Minden townsite to absorb future growth, and will suggest policies to improve and upgrade the central business district and other commercial areas.

The fifth study planned by the

consultants will involve the preparation of a community improvement strategy. It will be included in the official plan with policies for implementation.

A sixth study will focus on terrain analysis and lake capacity, two key issues for future planning in the municipality. In conjunction with this study, air photos will be analyzed and used to prepare maps showing the physical suitability of areas for permanent and seasonal development within 300 metres of all lakes currently accessible by road. The capacity of lakes to withstand additional development will also be investigated and reported. Criteria will be determined also for hazard land mapping, in consultation with the Ministry of Natural Resources. As well, field investigations will be carried out to confirm information interpreted from aerial photographs, particularly in areas which will be subjected to development pressure.

The final special study will summarize current Provincial policies that are required in official plans.

Council will meet with the consultants on October 13 for a progress report on the studies.

There were some spectacular spills but very few injuries at the Canadian National motorcycle hill climb near Wilberforce on Sunday. The event drew

more than 3000 people and provided plenty of action throughout the afternoon. For more on the event, see page three.

Council explains land sale

Soyers Lake association president seeks answers

Anson, Hindon and Minden council has taken pains to explain the circumstances of a land sale on Soyers Lake that upset the area ratepayers association.

A parcel of land on the Blairhampton Road designated Part A, Plan 561 and owned by the municipality, was sold recently without being advertised for tender. This prompted Soyers Lake Ratepayers Association president Lew McCorrison to write a letter asking council to explain why the property was not tendered, what price was paid for it, whether independent appraisals were carried out, to whom it was sold, and whether it is council's policy to close up other access roads to Soyers Lake.

Copies of McCorrison's letter, which was addressed to Anson, Hindon and Minden clerk Elinor Burke, were sent to The Echo and

the Times, but the original had not been received by the municipality in time for last Thursday's council meeting. Nonetheless council proceeded to answer McCorrison's questions after viewing the Echo's copy.

Council confirmed that the property was not advertised for public tender. Burke noted that there is no requirement in The Municipal Act that such lands be tendered, although in general, the municipality does offer land for tender when it wants to dispose of it. The Soyers Lake land, however was part of a deal struck with developer Gary Vasey when the municipality acquired the former Welch building next to the Canadian Imperial Bank of Commerce. The agreement included two pieces of property, one on Soyers Lake, the other on Mountain Lake, and an amount of cash.

Reeve Lyle McKnight said it was "a negotiated deal", and that otherwise, it is the policy of the municipality to tender land disposals.

Deputy-reeve Ed Pergolas noted that "the last piece we did tender for, the prices were very, very low", an experience common to other municipalities which have disposed of park lands on area lakes.

The Soyers Lake block had an appraised value of \$16,000 McKnight said, and that is the price paid.

McKnight noted that the property was not a road, and that it is council's stated policy not to close up access roads "unless council feels that's the proper thing to do. Then it has to be advertised and posted".

A road allowance adjacent to the property in question was advertised for closure recently, but a number of objections were received, and at last Thursday's meeting council decided not to act on the closure proposal. Notice of the intent to close the allowance was given in an advertisement in the Times and by posting in the municipality.

McCorrison claimed in his letter that the owners of four back lots needed the park land for access to Soyers Lake, but council noted that there is nothing in any official documents stating that the lot owners have a right-of-way across the property. They also wondered if the Soyers Lake Association was in favor of back lot development.

Block A has only 66 feet of frontage on the lake, too little for building purposes in some circumstances. However it also fronts on township road, and has sufficient frontage to permit a building under zoning regulations.

Gas prices up and down at whim of oil companies

If you filled up your car's gas tank on Wednesday, Thursday or Friday last week, you may have paid at least 33 cents a gallon more than if you filled up Tuesday or Saturday. In midweek, gasoline prices in the county jumped from 40.5 cents a litre to 47.9 cents a litre. That amounts to 33.67 cents a gallon, or more than \$6 to fill up the tank of full sized North American car.

But the increase was short lived. Only three days after the pump price went up, it was back down again to the present 40.5 cents.

If that leaves you shaking your head, your not alone. Even local gasoline retailers aren't sure what is going on. But they do know that for now, prices are down to levels well below those being charged in Toronto and other parts of Ontario.

News reports early last week said oil companies planned to raise prices because profit margins were

too low, and when that increase was applied it raised the local pump prices to 47.9 cents a litre. Texaco did not raise its price, however, and when that fact became known, area retailers contacted oil company representatives and received permission to drop the price back to 40.5 cents per litre.

Since most local dealers are on consignment, the pump price has no effect on their margins. Losses, if any, are incurred by the oil companies.

Fluctuating prices have become the norm in the Haliburton area in recent months, and that trend is expected to continue. No one knows how long the low prices will last, but by Tuesday Texaco had opted to raise its price back up to 47.9 cents a litre. Other dealers may or may not follow suit. So fill up now, or wait until later. It's all a gamble these days.

Pressure for museum continuing to increase

Support is growing for a proposal to move the Kanawa International Canoe Museum to the Leslie Frost Natural Resources Centre near Dorset.

Haliburton County council proposed the move in a resolution earlier this year. Now, Anson, Hindon and Minden council has gotten behind the county's suggestion, passing a resolution of support last Thursday.

The museum is presently located in a rustic log building adjacent to Camp Kandalore in Stanhope Township. It is comprised of 550 canoes, kayaks and rowing craft from North America and the South Pacific.

A recently completed consulting report prepared for a committee of Trent University and Peterborough City officials recommended moving the collection to Peterborough. But before that could be done, a building would have to be erected to house it. The consultants envision a \$5 million facility near the liftlock or on the campus of Trent University. They say money for the building would have to come from governments as a "one time only" capital investment, and that operating costs could be met by public subscription.

There is widespread agreement among local officials that the existing museum is inadequate for so important and valuable a collection. But politicians and museum supporters want the core of the collection to remain in the county, and are preparing a brief for presentation to various provincial ministries in support of that idea.

Anson, Hindon and Minden councillor Pat Burk has written a letter to the editors of The Echo and Times in Minden, urging local people to support the campaign to keep the museum in Haliburton County by writing to councillors, provincial and federal politicians.

"The idea of spending \$5 million, some of it our money to build a huge, garish facility to house the collection outside its original situation I find appalling" Burk wrote.

"Let's not give up an attraction, and educational display, built and nurtured in our own County to a larger centre that has more than enough to attract tourists now", the Minden councillor concluded.

When Burk read her letter at last Thursday's meeting, it found unanimous support among her fellow councillors.

Full text of the letter appears on the editorial page.

OPP report

General occurrences

Between August 8 and August 14, personnel at the Minden OPP detachment investigated 15 motor vehicle accidents in which eight persons were injured, and 80 general occurrences, including 11 thefts, 10 lost and found incidents and five break and enters.

Accidents

Five people escaped serious injury late Friday night when two cars collided on Wren Lake bridge, Highway 35, in Sherborne Township.

Alan Salter, age 30 of Ottawa was charged with careless driving, driving under suspension and failing to wear a seatbelt.

Driver of the second car was Stephen Bedford, age 21, of RR2 Pontypool.

Damage to the vehicles was estimated at \$6,500.

The drivers and three passengers were shaken up, but not seriously injured.

Five people were injured in a single vehicle accident on Highway 118 in Anson Township last Tuesday.

Scott Mathers, age 18 of Toronto, was charged with careless driving after his vehicle went out of control and struck a rock cut.

Mathers and his four passengers were injured, two of them seriously enough to require hospitalization. Patricia Burke, 20, of Oakville and Niel Carragher, 17, of Toronto were the most seriously injured victims.

Damage to the 1979 Toyota was estimated at \$5000.

Speeds too high

Of the 15 accidents investigated by Minden OPP during the last week, 11 of them were single vehicle mishaps. Police say most of these were caused by speed - not necessarily speeds over the legal limit, but too fast for road conditions.

When a driver is not familiar with the contours of the road, or not accustomed to driving on unpaved surfaces he should exercise caution and reduce speeds, police warn.

On the lighter side...

Employees arriving at a Haliburton County lumber store on August 10 discovered that a lumber had occurred over night. Entry was probably gained through a sliding glass window. Only one item was missing - their favorite picture.

It seems that a magazine pin up picture of a semi-nude girl had graced that wall before the break-in, but not after it.

Although the workers agreed they would recognize the girl anywhere, they did not think they could positively identify the picture should it be recovered.

Constable Wim Magee is working on the case.

Miss Toronto was in Haliburton on Saturday to lend her charms to the official opening of the new Dixie Lee chicken dining room. Youngsters weren't the only ones who enjoyed meeting the young lady.

Miskwabi cottagers meet

The ninth annual general meeting of the Miskwabi Area Cottagers' Association Inc. was held at 2 p.m. Saturday, August 6 at the airstrip clearing, Lake Miskwabi.

Chairman Steve Westbrook welcomed a large crowd of cottagers, area residents and visitors, introduced the association directors and advised on the more significant issues affecting the area including news from Bell Canada and the Ministry of Municipal Affairs and Housing.

The financial report was accepted as presented.

Regarding Bell Canada news, Westbrook advised that money is not available for extension of service to the area due to economic pressures. These pressures have again resulted in a deferment. The area is one which will be serviced when funds are available.

Reporting on the developmental proposal for Lake Miskwabi, Westbrook quoted from a recent Ministry of Municipal Affairs and Housing letter to the association: "We have written to Hasley Developments in a letter under today's date, indicating that the conceptual plan had received approval in principle from the agencies who had objected to the original plan of subdivision, as submitted in 1974, and noting the few comments the agencies had offered. We further advised them that

given the approval in principle by the municipality and the agencies, we were prepared to consider a draft plan of subdivision which satisfied the requirements of The Planning Act."

The chairman next introduced the guest speaker, Sergeant Bill Bailey of the Minden Detachment of the Ontario Provincial Police.

Sergeant Bailey spoke of the capabilities and limitations of policing in Haliburton County with 12,000 - 13,000 cottages, a population of 10,000 in the winter and 110,000 each month of the three summer months of the year. He advised of the staffing and equipment facilities and that they utilized a priority policing system investigating anything from murders to cats in trees.

Breakins and vandalism were up 364% mostly in winter, spring and fall. Sergeant Bailey encouraged the adoption of the Neighbourhood Watch program and spoke on the off-road vehicles problem and numerous other issues.

After responding to a wide range of questions, many beyond the jurisdiction of the O.P.P., Sergeant Bailey was thanked by the group and presented with a remembrance.

The chairman continued with the remaining items of business.

A donation was approved for the Haliburton Red Cross Hospital to assist in purchasing their new heart monitor.

During the question period, cottagers requested the removal of the rock in the Long Lake/Lake Miskwabi narrows, additional road plowing and a stop sign.

The following were elected for the positions of Executive and Directors for the Miskwabi Area Cottagers' Association Inc. for the two year period of 1983-85: president, Jerry Strickland, Plan 516, Lake Miskwabi; 1st vice-

Anson, Hindon and Minden council

At a special meeting of Anson, Hindon and Minden council August 4, the following matters were considered:

Lyle McKnight and Ed Pergolas were authorized to attend Ontario Municipal Non-Profit Housing Conference in Toronto on September 21-23, 1983 and policy number four shall apply.

The Clerk reported that a meeting was held with the Bob Lake Cottagers Association concerning a problem they experienced with a wood cutting project this past fall and winter on the portion of road which is privately

maintained by the association and situate between Lots 5 and 6, Concession A for the Township of Anson. Council agreed that policy number 24 should be reviewed and perhaps amended to afford Council more control over wood cutting projects.

Some \$25,500 will be withdrawn from the Parks Reserve Fund Account into the general revenue account to pay for the recently acquired property purchased from Gary F. Vasey Ltd. in part of Lot 3, Concession A Township of Anson.

Council authorized payment of progress billing in-

voice number 1237 from Paragon Engineering Limited in the amount of \$2,650.75.

Letters were received from M.S. Campbell and J.F. Leith requesting to purchase or lease that part of the original road allowance between lots 10 and 11, Concession 8 for the township of Minden which is presently being used as a parking area on the mainland for access to their island cottage properties.

They are to be advised that council is not considering selling or leasing the allowance at this time, however,

Pelaw conviction overturned

A local lumber company has won an appeal against a fine assessed for alleged breaches of Industrial Health and Safety Act regulations.

Pelaw Logging Ltd., former operators of a sawmill on Highway 118 a mile north of Haliburton, were convicted in July, 1982 in Minden provincial court of charges stemming from the August 28, 1981 death of a worker who was caught in the mill's machinery. A \$2000 fine was assessed.

An appeal against the fine was upheld in Lindsay provincial court

two weeks ago.

Joshua Liswood, lawyer for the logging company, said provincial court Judge Wood felt there had been an error in the finding of facts at the original hearing. He ruled that all necessary precautions had been taken by the company.

The crown and the Ministry of Labour can appeal Judge Woods' decision to overturn the original conviction, but are not expected to press the matter any further, Liswood said.

Minden office roof to get coating

A reflective asphalt coating will be applied to the roof of Minden's municipal office free of labour costs.

Garnet Brown, who won a contract to resurface the roof and completed the work in late May, told council he forgot to include the reflective coating in his original estimate last fall, "and for that reason, I'm willing to put it on at my own expense".

The silver coloured coating reflects up to 85 percent of the sun's energy Brown said, and should help to keep the municipal office cooler in warm weather.

"We could sure use that in July" revee Lyle McKnight commented.

Brown will pay the labour cost for applying the material, but council agreed to pay the \$424.80 for the material.

Bicroft council minutes

A special meeting of the council of the Township of Bicroft was held on July 28, 1983 at 7:30 p.m. in the municipal office for the purpose of appointing a new Councillor to fill the vacancy created by the resignation of D. Ross Bailey.

In attendance were W.G. Howe, Reeve, A.O. Easton, Councillor; J.S. Fraser, Councillor; W.J. Todd, Councillor; S.A. McColl, Clerk-treasurer.

Pursuant to Section 43 of the Municipal Act, 1980, Ainsley Dickinson was appointed as councillor to fill the vacancy created by the resignation of D. Ross Bailey.

At a regular meeting on the same date council decided the following:

Michael Roney was hired to replace Joseph Podres as Project Manager for the COED program.

Disbursements Sheet number 83-7 containing voucher numbers 6188 to 6304 in

the amount of \$38,094.27 were passed for payment.

By-law number 83-7, a by-law to amend by-law number 78-5, as amended was passed.

By-law number 83-8, a by-law to adopt the estimates of all sums required during the year and to strike the rates of taxation for the year 1983, was passed.

At 9 p.m. Reeve Howe vacated the chair temporarily and turned the meeting over to Jack Todd.

At 10:00 p.m. Reeve Howe returned to the meeting and resumed his position in the chair.

A rental rate of \$5 per day will be paid for a dump level used on the COED program. Rental rate is to be paid only for day(s) required.

Mike Roney will be paid mileage at a rate of .24/km or .38/mi. while performing his duties as Project Manager of the COED program.

Kiss an old flame goodbye.

We'd like you to take a minute now to think about something you'd really rather not think about. Home heating. Because right now is the perfect time to do something about next winter's oil bills.

If your oil furnace is in good condition, but you'd like it to run more economically, electricity is the answer. A dual-energy system combining oil and electricity will heat your home efficiently and economically.

For example, adding an electric plenum heater to your oil furnace will reduce the amount of oil you use by up to 75 per cent. While adding a heat pump will not only cut heating bills by 20 to 30 per cent, but also provide air conditioning in the summer, for efficient year-round comfort.

If your furnace does need replacing, an electric furnace or one of the other electric systems can heat your home cleanly, efficiently and economically.

Like to know more? Take a minute now and write to Ontario Hydro, Room U7 E1, 700 University Avenue, Toronto M5G 1X6 and ask for our free booklet "Electric Heating Options for Your Home."

Because the minute you take now could add up to big savings come December.

Go Electric

Favourite out of luck at hillclimb

A balky engine cost John Williams a chance to retain the championship at the Canadian National motorcycle hill climb on Sunday.

Williams, of Markham, was in third place at the end of one run in the 750cc class, only fractions of a second behind first run leader Tom Reiser of Columbus, Ohio.

But on the second run, Williams' six cylinder Bennelli engine left him stranded just beyond the starting line.

"On the second ride I could feel the power drop right off" said a disappointed Williams, who has

won the Canadian championship 10 times and the 'world' championship five times in the past 23 years.

Reiser's second run of 7.20 seconds earned him the championship, but he was unable to collect it, because he suffered a broken lower leg moments after passing through the electric timing eye near the top of the steeply angled, 500 foot long course.

Elated at the quickness of his run, Reiser raised his hand in a victory salute, but lost control of his machine as it arched over the top of the hill. He flew off and the vehicle landed on top of him, the

handlebar jamming against his leather booted lower leg and breaking a bone.

Reiser's misfortune was the only serious accident of a day that featured several spectacular spills on the 75 degree angled 'Mount Williams' a mile west of Wilberforce.

It was the second year the championship has been held at the site, and a crowd estimated at between 3000 and 5000 was on hand to watch 26 riders compete for \$6000 in prize money.

Second place in the 750cc class went to Doyle Disbennett of Lareville, Ohio with a best of two runs time of 7.44 seconds.

horsepower to repeat his win of last year, but a suspected valve problem could not be corrected in time, and as a result, the nine foot long, nitro powered hill climbing motorcycle was running on only five cylinders on the first run. On the second run the engine died under the strain of the almost vertical first grade.

The Wilberforce hill climb differs from others on the circuit in that competitors must control the power of their machines as they fly up two short grades and two flat sections before assaulting the final, almost vertical slope of the upper half.

Bikes were airborne at least twice on each run,

Winner breaks leg after clearing top of hill on his last run

Randy Gabriel of Columbus, Ohio was third in a time of 7.49 seconds.

In the 500cc class, Steve Krauter of Millford, Michigan took top honours with a 7.68 second run. Rod Riddle of Laureville, Ohio was second in 7.99 seconds. Third place went to Ralph Kreeger of Red Lion Pennsylvania, who tripped the lights in 8.2 seconds.

Williams' crew spent more than two hours trying to get his machine to crank out enough

streaming a rooster tail of dirt and stones as the metal tread of the rear tires dug into the hill.

Several riders lost control when full power was applied and slewed off the course, but safety marshalls were on the scene within seconds, and damage to machines and riders was minimal.

STP oil products, who sponsored this year's event, have promised to provide enough prize money next year to make the Wilberforce hill climb the richest on the North American circuit.

Planning

The municipality of Anson, Hindon and Minden has embarked on a course that will lead it, in a little over a year, to an official plan. Council has hired planning consultants, and has earmarked some \$30,000 for the project. Whether or not the money will prove to be well spent will depend to a substantial degree on how willing the public is to speak out at public meetings that will be held at various stages of the planning process.

Not many years ago, very few municipalities had an organized approach to planning. The problem in Haliburton County was particularly acute. With haphazard regulations, or none at all, cottages were built within a few feet of the water, boat houses blighted the shorelines, and land was cut up into small parcels, creating too much density in some areas. Gradually, zoning by-laws were enacted in an attempt to impose order and control on development, but these were sometimes difficult to enforce, and did not always come to grips with problems that came to be recognized as pressure for recreational land increased and environmental knowledge grew more sophisticated. What was needed was an overall strategy for development, a chart for the municipalities' future course of development.

Dysart et al was the first local municipality to recognize that it needed an official plan if it was to ensure orderly development. Three years ago, Haliburton County council followed up on the Dysart lead and adopted a planning strategy prepared by consultants and endorsed by various government agencies. But the document had no 'official' status, and soon proved to be of less value than councillors had hoped.

Anson, Hindon and Minden councillors have shown foresight and good sense in opting to pursue an official plan for the municipality. If it is well done, the document will be a long term asset to the community. But to be of maximum use, the official plan must take into account the view of local people on specific planning issues. It can only do so if people keep abreast of the planning process and attend the public meetings which will be held over the next year, as the plan is drafted.

Planning is an issue that concerns everyone's future. It is too important to ignore.

Ups and downs

If you're one of those people who doesn't pay any attention to the price of gasoline, paying whatever the pump total says without figuring out the cost per gallon or the size of recent increases, count yourself lucky. Trying to keep up with gasoline prices has become an exasperating game recently.

Don't blame local retailers though. They're just as confused as anyone else. And it seems that isn't going to change in the near future.

The culprit in this teeter-totter pricing policy appears to be the oil companies this time. Not that federal and provincial governments are blameless. Their tax bite is nothing short of outrageous, and gets adjusted upward from time to time, gouging another few cents here and there from the consumer. But oil companies have decided recently that they're not making enough money at the pumps, so they've jacked up the prices as much as 33 cents a gallon in a single price change.

No one knows how long this unstable price condition will last. And as long as local prices are on the low side or at least the same as they are in other areas, we'll have no more reason to be angry about pump prices than anyone else. But there is always the possibility that Haliburton area prices will rise even higher than the province wide average, and if that happens, we'll have a right to get angry.

Reflections

Letters

To the Editor:

A resolution of County Council meeting held June 22, 1983 reads: "That Haliburton County support the retention of the Kanawa Museum in Haliburton County with a proposed new site being the Frost Centre, and that the Warden and the Reeve of Stanhope pursue this matter with the appropriate Ministries".

Let us all get behind our County Council and support this resolution. Write letters to our M.P.P. John Eakins; write letters to our Editors; write letters to our M.P. Bill Scott; write letters to your individual Councils stating your stand in this matter.

The Museum is in a beautiful natural setting now. However the approach is long and difficult, without good parking facilities. It is also not on the well travelled highway. This has proven a drawback by not drawing large groups to view the exceptional display.

Kirk Whipper has done a fantastic job of building up this Museum of canoes and craft from all over the world. Some of the craft have been used on our own lakes and by our own citizens here in Haliburton County. Let us show support too, to Kirk, and thanks for building this facility in our County.

The idea of spending 5 million dollars, some of it our money to build a huge garish facility to house the collection outside it's original situation I find appalling. Not only that, they will run at a deficit of 188,000 in each of the 3rd and 4th years and \$143,000 thereafter.

The consultants say that Peterborough has a "strong tourism base, availability of research facilities through the Trent University and the canoeing possibilities, which ranked below Haliburton's, but higher than most others considered".

Haliburton County has top canoeing facilities, and we have our own tourists. Let's not give up an attraction, an educational display, built and nurtured in our own County to a larger centre that has more than enough to attract tourists now.

Please write your letters and state your opinion.
Patricia Burk,
RR 2, Haliburton, Ont.

To the Editor:

What is the town of Minden coming to in allowing a male stripper at the Rockcliff Tavern? Who wants to have that kind of garbage in a nice town?

A few years ago, Coboconk had topless waitresses in a licenced restaurant and it was soon closed when the town passed a by-law forbidding

topless waitresses or strippers in their town.

Also, the village of Haliburton foresaw this eventuality and they too passed a by-law banning strippers last year. Minden council seems to be a bit slow in this regard. One must give credit to Dysart council for their stand on this subject.

I hope more people will write a letter to the Editor complaining of having this type of so-called entertainment in Minden.

Helen Cox,
Minden, Ont.

To the Editor:

Last Monday evening my eight year old daughter and 12 year old nephew had an accident on the Sky Slider. Fortunately there were no broken bones. My nephew obtained a small cut on his knee but my daughter was scraped up pretty badly. No one even made an attempt to attend to her or even phone us to tell what had happened. She limped home crying and bleeding from her cuts and nose.

If such a dangerous ride is being operated in Haliburton, why is there not first aid facilities on the premises? Or a mature and compassionate staff who would wipe the bleeding nose of a small child.

S. Dillon,
Haliburton, Ont.

To the Editor:

Re: The August 3 letter on abortion

I feel compelled to reply to Mr. Don Waterhouse's letter on the above subject.

To judge a film that is not yet complete, and to imply that all Ontario people think the same way about abortion as he does is surely misguided. The National Film Board, in producing a five-part docudrama will presumably show all side of the question, so people can judge for themselves. Failing the benefit of abortion, some babies end up in garbage bags or as abused and neglected children. Is this better? That is the question we must ask ourselves.

Louise Boddy,
Minden, Ontario

To the Editor:

It has been my great pleasure to find out that people in the Haliburton area live up to their honest, friendly reputation.

I am referring to the misfortune I had in losing my purse last Friday, only to have it returned to me intact this Monday morning. A special thanks to Mr. Derwin Barry for his kindness.

Yours Sincerely,
Laura Heming

Feir Play

Creighton Feir

Some fellows have all the luck and Joe Iles of Haliburton is one of these fellows. One day last week he called me into his office and told me that there are times when it pays to be a Tory. My immediate reply was "when is that"? He went on to tell me about being at a Progressive Conservative meeting held recently at Wig-A-Mog Inn at which time the Hon. Frank Miller, Minister of Industry and Trade was present. During a break in the meeting Mr. Miller took the opportunity to try and sell some tickets on a car draw which was being sponsored by the Rotary Club of Bracebridge, a service club in Frank Miller's riding of Muskoka. He approached Joe on buying some tickets which were \$2 each or four for \$5. Joe came back with the reply that if Mr. Miller would buy a \$10 ticket on the Rotary Club of Haliburton's car draw then he would buy eight tickets which would be the equivalent of \$10. The exchange of tickets was made and on August 6 Joe received word that he had won the 1983 Mercury Cougar. Being part owner of a General Motors dealer he didn't want to keep the car, so he travelled to Bracebridge on Monday, August 8 and sold the vehicle for \$10,000. The question still remains "Does it pay to be a Tory"? Or is it a case of it's not what you know, it's who you know? All joking aside, congratulations Joe on winning.

We are certainly amazed and impressed with the interest that the cottagers in Haliburton and surrounding area take in local affairs. This is a very healthy situation and their participation and ideas really go a long way in trying to push this county ahead. Most of the cottagers we have talked with seem to be quite pleased with the area and would like to help in any way to see that it keeps on progressing.

During the storm that swept through the area on Monday, August 8 Lloyd Gailbraith of Portage Lake reported that it ripped out his dock and flipped over an aluminum fishing boat. Huge trees were also uprooted and one of them fell on his cottage. There was quite a mess to be cleared up following the storm. Last Sunday the leaders and Boy Scouts from the Haliburton Scout Reserve came to the rescue and with the use of chainsaws they cleared away the trees and cleaned up the lot. The Boy Scouts are always good samaritans in a time of need.

Robert F. Fanning, manager of the Bank of Montreal, Peterborough and District Commercial Banking Unit, played host to a reception held at the offices of the Bank of Montreal in Haliburton on Tuesday, August 9 from 5 to 7 p.m. I was sorry that due to other business commitments I was unable to attend.

The Lindsay-Peterborough and surrounding territory telephone directory for 1983 has been delivered or is still being delivered to businesses and homes in the area. The books haven't been out too long, but already we are already hearing complaints that the print is so small, that it's very hard to read, especially for older people with poor vision.

Bernie Nicholls is not only a good hockey player, but he is also a very good ball player. I watched him in a game at the ball park at Haliburton last Thursday evening, and he can really pitch and bang out those home runs. He is one of the longest ball hitters to appear at the ball park for some time.

We are heading into the home stretch as far as the tourist season is concerned. The Canadian National Exhibition is underway and business has dropped off a great deal compared with the last two weeks in July.

There is one thing that has bothered me now for some time, and that is this business of littering and pollution. I have been on this topic many times before, and I am not really going to harp on it too much at the present time, but there is one story I heard this week that is not your usual nice news story. A woman phoned me from Eagle Lake complaining about the fact that some people are shampooing their hair in the lake at the beach by the dam at Eagle Lake. Just how much this practice of washing your hair pollutes the lake is another question, but it's something that should be done at home not in one of the local lakes.

Believe it or not it's time once again for the annual Haliburton County Fair which will be held in Minden this coming Friday and Saturday, August 20 and 21 at the Fairgrounds in Minden. This is the 119th local fair and by the number of events that are listed it promises to be a good one. This year's big event will bring the usual features of a fair plus some wonderful entertainment. One of the main highlights will be the parade which will line up a the Wrightman Realty lot and continue down through the main street to the fairgrounds. The parade starts at 12:00 noon. Bring along the entire family and have a good time at the Haliburton County Fair.

I noticed the following information on a sign in the window at Stan's Texaco in Haliburton. "If you see someone without a smile, give them yours." Not a bad idea.

Pic of the Past

Many of our senior residents no doubt will recognize the man in this photo which was

submitted by Morgan R. Loucks of Minden. It shows Magistrate G.A. Jordon arriving in Minden for court from his summer home on South Lake about 1923. He is shown with his horse and wagon in front of what was then known as the E.A. Rogers General Store. Stedmans Department Store is now in this location.

From the Chamber

Hi there Bunkie! Are you young? Are you unemployed? Well have I got the answer for you!

The Haliburton Highlands Hospitality Training Centre is still accepting applications for their fall session. In the fall session beginning September 19 you can learn to be a bar tender, waitress, chamber maid or cook. As an added bonus you are paid while you are participating in the 19 week course. Our first group of graduates will be graduating shortly and already are receiving several job offers. If you are unemployed now you could be highly employable by Christmas time.

The Chamber of Commerce welcomes two new members. Wedgewood Marina and Store is run by Doug and Linda Colbourne and Twin Rocks Resort is now owned by Tom and Melanie Moffat. A hail and hearty hello goes out to these two new members.

Wow! We impressed some visitors last weekend. Representatives from STP were in Wilberforce on Sunday to see the Canadian National Motorcycle Hillclimb. They were so impressed by the event and the support that the community has given to it that even though this was only its second year STP has promised to sweeten the prize money pot enough that next year's event will be the richest on the North American circuit.

To see and do

August 17 is the last day that you can visit Art Mart at the Agnes Jamieson Gallery in the Minden Cultural Centre. This fourth annual art and craft show and sale features many fine works of art of local artists. The Gallery is open from 10 to 5 today.

It is fair time again as the Haliburton County Fair comes to the Minden Community Centre and Fairground. This historic fair features a main exhibit building full of agriculture, crafts, sewing, baking, quilting and floral displays. There also will be shows of horses, cows, sheep, goats and dogs. Saturday night there will be dancing to music by Whiskey Hollow for which the admission is \$5. The parade gets underway at 12 noon on Saturday and winds its way from the Wrightman

Realty lot on Main Street to the fairgrounds. Friday night will feature a Kornfest and amateur show at 8 o'clock. All in all it should be a great weekend.

The Leslie Frost Natural Resources Centre just south of Dorset on beautiful Lake St. Nora features two interesting shows this week. Ornithologist, Ross James, from the Royal Ontario Museum will present a program on August 17 where he will answer questions from the audience as well as present a fascinating slide show on the Birds of Ontario. You should bring your binoculars for the bird watching hike that will take place afterwards. August 18 experts will be on hand to discuss the trees in your backyard and you will be able to learn which trees to cut and which ones to keep as well as which ones to tap and which ones to keep for Christmas. Both programs start at 1:30 p.m. and last approximately two hours. Admission is free.

The newest show at the Agnes Jamieson Gallery opens on August 20 and runs to September 6. The Andre Lepine Collection will be shown in conjunction with the Haliburton County Fair and is part of the Gallery's own permanent collection. The 42 paintings in the show were left to the municipality by the late Frank Welch. Many local people have wondered when they would next have their opportunity to see the works of Andre Lepine and this is their chance. The gallery is open from 10 to 5 Monday to Saturday and admission is free.

Continuing to September 5 is the show at the Rails' End Gallery in Haliburton "Robert Bateman - Retrospective". The fascinating exhibit features works from throughout Robert Bateman's life including several current wild life originals. The gallery is open from 11 to 5 Tuesday to Saturday and 1 to 4 on Sundays.

And don't forget this late breaking news item (I just heard about it). The Lions Club is sponsoring a Street Dance on Saturday, August 20 in the Dysart Arena parking lot.

To top it all off the weather man predicts good weather for the rest of August.

Report from Parliament

Bill Scott, M.P.

On July 25, the Minister of Justice and Attorney General of Canada released an information paper detailing proposed criminal law amendments. Reform of Federal Criminal Law has been long overdue. The existing laws have not been updated to reflect modern realities for many years. Hopefully, some of these amendments and the additional ones to be introduced later this year will aid in modern day crime prevention.

Many of the proposals are designed to improve procedures in criminal cases. One of these will provide a time limit of six months for the commencement of hearings in certain criminal proceedings. This is designed to ensure that trials are not dragged out by either side. I am quite in agreement with David Kilgour, M.P., our Caucus spokesman on Crime Prevention, when he stated that this provision, although potentially an aid to speedy justice, is also potentially a source of abuse. It is conceivable that a defense attorney could cause a serious injustice by delaying their clients cases beyond the six month period and thus causing an automatic dismissal of the charges.

Other proposals would place limitations on the

discretion of prosecutors to the privacy of witnesses and the accused.

In response to a report of the Standing Committee on Justice and Legal Affairs tabled earlier this year, new offences are proposed to deal with computer crime. It creates an offence of willfully destroying or interfering with computer systems. It is high time that specific legislation was written to acknowledge this new kind of theft of information.

In response to the public concern over recent incidents of aircraft accidents due to technical and personal errors, new laws are created in relation to aircraft. These include flying while impaired, criminal negligence while operating an aircraft, operating an unsafe aircraft or operating an aircraft unsafely.

It will also, by this Act when passed in the fall, become a federal crime to fraudulently replace the odometer on motor vehicles. This is a further attempt at consumer protection against unscrupulous dealers.

On the whole, these proposals are sensible but I do worry about the abuses that may occur as I mentioned above.

Federation of Ontario Naturalists

by Arlin Hackman

While the flight attendant in the pressurized plane explains how to engage the life-saving functions of the oxygen mask, you may look out the window and see a bird fly by. I just did.

Birds have been known to reach altitudes of 26,000 feet. Although the plane I was taking reached a final cruising altitude of 35,000 feet at which even the hardiest of birds would find it difficult to breathe without assistance, we humans would have difficulty being active on our own at more than 20,000 feet. Only a few of us have managed to experience the rarified atmosphere of 27,000 foot Mt. Everest, don't forget, and we've needed oxygen tanks to do it.

Recent interest in the soaring heights of birds has in fact been sparked by such ventures of our own. In 1963, a British plane flying at 21,000 feet collided with a mallard duck. Sir John Hunt, while climbing Mount Everest in 1953, noted birds flying at 26,000 feet.

Just as we need more oxygen when we run, birds need more oxygen when they fly. Experiments indicate that the average bird requires eight times more oxygen when flying when at rest. So how do they survive at altitudes of 20,000 feet in an atmosphere that has half the density and about half the oxygen of air at sea level? This

question is even more perplexing when you consider that birds may require even more oxygen and exert even more effort to keep airborne in thinner atmospheres.

The answer remains a mystery I'm afraid. Exactly how birds accomplish greater oxygen consumption in an oxygen-poor environment isn't fully known. What we do know is that their lungs differ considerably from those of mammals. Among other things, birds' lungs have extra "bags" hanging on the outside of organs. These extra air sacs may increase the area of ventilation, giving the blood stream more points at which it may pick up oxygen.

In addition, birds function well even when the amount of oxygen in the arterial blood stream falls to a level that would distress a mammal. The heart of a bird beats about three times as fast as a mammal's heart, thus the distribution of available oxygen through the bird's system is much swifter.

Even though birds are equipped with these special features, it remains that only a few fly at great heights even in migration, unless of course they need to cross mountain barriers. Many common species migrate at lower than tree-top level and the average bird flies at some altitude between 3,000 and 5,000 feet. So you needn't take your binoculars along on every plane trip.

Letters

To the Editor:

This refers to the letter by Don Waterhouse (August 3) about the National Film Board film, "Democracy on Trial", which he says is a five-part docudrama, part of which "deals solely with Morgentaler and recreates his personal fight to change Canadian abortion laws". The writer of that letter does not seem to acknowledge that

there are many Canadians -- especially women such as me (who, incidentally, has never had nor sought an abortion) -- who wish and work to change our laws and practices with respect to abortion. (I consider it to be a necessary part of health care).

If the film is "now in process", how does the

West Guilford team wins grand championship

Minden Hustlers take the consolation title, then lose to Guilford in the last game

West Guilford boys were the grand championship winners this year in the Rockcliffe Invitational Fastball tournament with the Minden Rockcliffe Hustlers winning the Consolation

championship. It was a weather perfect weekend for the 22 game event which started Friday night and ended on Sunday night with the two championship games. Ironically,

the two champions were the two teams that met in the first game on Friday night with West Guilford defeating the Hustlers 3-2 in nine innings. Other scores in the tournament were as follows:

In the first round, West Guilford defeated Minden 3-2; Harcourt took Ecclestons 9-0; Sutton won over Toronto Coasters 9-4; Bradford edged out Port Sydney 3-2; Huntsville blanked National Drug 1-0; Scugog took Mississauga 4-0; Drive Tavern defeated Toronto Exports 4-1, and Toronto Cavaliers got by Scarborough 2-1.

In the consolation round: Minden defeated Etobicoke 6-1; Toronto Coasters blanked Port Sydney 7-0; Mississauga edged out National Drug 2-1; Toronto Exports won a close one over Scarborough 7-6; Minden took the Toronto Coasters 2-1; Toronto Exports defeated Mississauga 4-2, and in the consolation championship, Minden blanked Toronto Exports 6-0.

On the Championship side of the tournament, West Guilford defeated Harcourt 6-0; Sutton got by Bradford 2-0; Huntsville won over Scugog 4-2; Toronto Cavaliers took Drive Tavern 5-2; West Guilford beat Sutton 3-1, and Toronto Cavaliers squeezed by Huntsville 3-2.

In the championship game, West Guilford beat Toronto Cavaliers 7-3.

It was a busy weekend for baseball fans in the Minden area as the annual Rockcliffe invitation fastball tournament was played. Here a runner scrambles to get back to third base while an opposing player heads for the ball.

A foul ball

Keeping an eye on the action

Haliburton Lumber on top

Beachli Construction expected to battle the builders

Haliburton emerged in first place at the end of regular season play last week in men's recreation softball. The Lumbermen edged out Beachli Construction for first place honors, and will now take on fourth place Haliburton Kinsmen in a best two out of three semi final playoff. Beachli will meet third place Curry Motors in their semi-final round, which got underway Tuesday night.

Haliburton Lumber and Beachli Construction had traded first place throughout the final weeks of the season, and barring an unexpected upset, should meet for the overall championship.

The teams took a week long break for the Haliburton Rotary Carnival, but when action resumed last Tuesday, the Lumbermen outplayed the Kinsmen and the Legion won over Curry Motors.

Haliburton Lumber 8, Kinsmen 1

Consistent hitting has been Haliburton Lumber's strength throughout the season, and Tuesday night's opener was no exception, as they singled and doubled their way to an easy win.

In the top of the first Brian Mulholland led off with a single for the Kinsmen. Dwight Sisson stood in for a walk, putting Mulholland on second. Then Jerry Walker hit a short drive to third base, and although he was thrown out at first, the drive allowed Mulholland to cross

the plate for a 1-0 lead.

The bottom half produced nothing for the Lumbermen, and both teams were blanked in the second frame.

Kinsmen hitters were shut out in the top of the third, but in the bottom half, Haliburton Lumber found a weak spot in the Legion's pitching. Bob Johnston led off with a double, then Bernie Nicholls banged out a single that scored Johnston. Jim Winn then singled to advance Nicholls, and Earl Bull stroked a drive to left field that was bobbled, allowing Nicholls to score.

Kevin Newell was next up, and he hit a drive to second that brought Winn home for the third run of the inning.

The Lumbermen added three more in the bottom of the fourth as Doug Rupay got to first on an error, Kelly Mitchell was safe on an error by the shortstop, Bob Johnston hit a ground rule double and Nicholls hit a single, then advanced on an error and Jim Winn's grounder to second.

The fifth was scoreless, but the bottom of the sixth saw two more runs for Haliburton Lumber, as Winn and Leigh Bull produced drives that scored Johnston and Nicholls.

Final tally was 8-1 for Haliburton Lumber.

Legion 7, Curry Motors 4

Even though the Haliburton Legion team has trailed

the league in the late season, they weren't about to give up without a fight. And in the second match Tuesday night, they came up with a spate of runs in the late inning going to chalk up a win over third place Curry Motors.

The motormen jumped into an early lead in the bottom of the first as Barry Shaw hammered out a home run to drive in Bernie Upton and Darryl Stamp for three runs.

It took the Legionnaires until the top of the fourth to get on the board. Ron Perrin

got a single run on a walk, a single by Sid Cooper and an RBI double from Doug Mitchell.

In the top of the fifth they notched two more to tie the score. Haven Cook began the effort with a double, and crossed the plate on a single from Tony Salvatori. Ron Perrin's single brought Salvatori across before Curry Motors fielders closed the door.

In the bottom of the inning the motormen regained the

Please turn to Page 7

Soccer team keeps busy with exhibition matches

by Jim Milne

The Dixie Lee soccer team had a busy weekend, playing the Peterborough Marauders in a return match in Peterborough Saturday night and the Parry Sound team in Haliburton Sunday afternoon.

There were no substitutes for the Peterborough game and so everyone got a good workout. The team was pleased to have Kevin Sicard and Brian Holden play the

game. The local squad lost the game 4-1, but were invited to join the Peterborough league next season.

Haliburton lost a hard fought game with Parry Sound 3-2 on Sunday. Tim Davies scored both goals, putting the home side ahead each time. Parry Sound scored the winning goal with only 5 minutes left in the game. Terry Crowe played well in goal. Dave Bishop ran hard both ways and put a lot of pressure on the opponents

marking him. Dave Shapiera moved up on the ball aggressively. Russ Warburton managed the substitutions and demonstrated that the club is a recreational team that will give every player an equal opportunity to play.

The team will practice in Haliburton Thursday for a game in Orillia this Sunday. As the college boys are leaving soon the team will be relying more on the younger and older players in September.

Playoffs underway

from page 6

lead on a triple from Stamp and a sacrifice fly to centre off the bat of Shaw.

Trailing by one, Legion hitters came to the sixth inning determined to connect, and that's exactly what they did, hammering out four runs.

Low Brown led off with a single, then Bob Penfold hammered a single that allowed Brown to score. Penfold got number two of the inning on a Salvatore one bagger. Cooper followed with a single to score Salvatore, and made it home himself on Doug Mitchell's ground rule double.

Curry's were blanked in the bottom of the sixth, and produced nothing in the seventh, giving the Legionnaires a 7-4 victory.

Haliburton Lumber 7, Kinsmen 3

In Thursday night's opener, Haliburton Lumber and the Kinsmen did battle again, and although the score was different, the outcome was the same - another victory for the Lumbermen.

Nicholls and Earl Bull each scored in the top of the first, aided by Leigh Bull, Winn, Newell and Rupa.

The Kinsmen answered

with one in the bottom of the first, as Brian Mulholland's leadoff walk was converted on a single by Dwight Sisson.

The Lumbermen blanked the top of the second. In the bottom half, Steve Bishop and Scott Cook each did the circuit after singles.

Earl Bull crossed the plate in the top of the third to add one more for Haliburton Lumber.

Kelly Mitchell scored another in the top of the fourth on a single and assistance.

The fifth brought the Lumbermen's total to five runs as Kevin Newell connected for a single then got help from subsequent batters.

In the top of the sixth Mike MacNaull and Bernie Nicholls got home to bring the score to 7-3, and that's the way it ended up.

Beachli Construction 10, Curry Motors 5

Beachli Construction unloaded its arsenal of hitters for 10 runs in Thursday night's second matchup, while holding Curry Motors to only five across the plate.

Dave Nicholls, Mike Carpenter and John Wilson scored in the top of the first

for the builders, while Barry Shaw unloaded for a two run homer in the motormen first.

Both sides were blanked in the second, third and fourth innings.

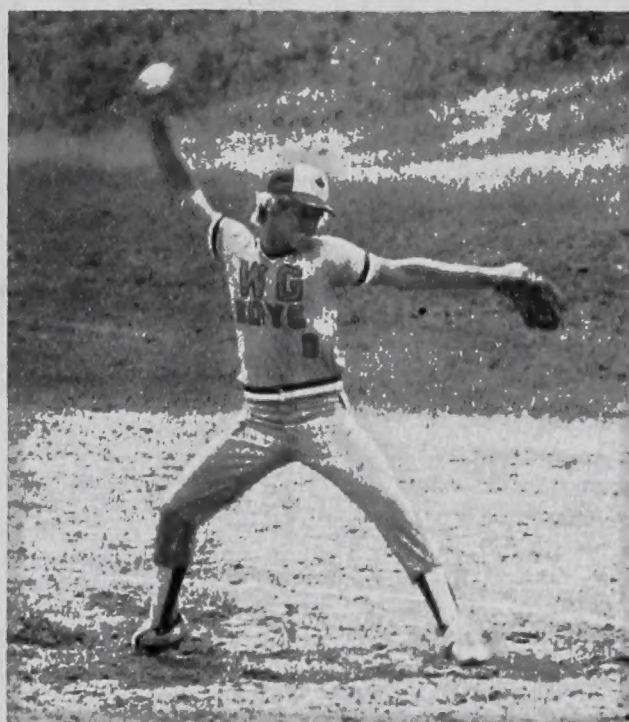

The Beachli squad got one more in the top of the fifth as Duff Mitchell doubled, then got help to make it home.

In the bottom half, Curry Motors moved to within one again as Barry Boice singled and stole a base, Darryl Stamp singled, and Barry Shaw drove them in on a single with an error at shortstop.

The builders notched three more in the top of the sixth, bringing Kevin Sisson, Jeff Carpenter and Bob Nicholl across with help from Duff Mitchell.

Curry's hitters were stopped cold in the bottom half of the sixth.

In the top of the seventh, John Wilson slammed a three run homer to put the builders in front 10-4. Triples from Stamp and Shaw added one more run for the motormen in the bottom of the seventh, but their hopes ended in a five run win for Haliburton Lumber.

Winding up for the pitch

Taking a spill at the hillclimb

Minden takes title

Two losses end season for Wilberforce

by Lori Dean

Minden Dixie Lee defeated Wilberforce twice last week to end their hopes of an "A" Division Championship.

In the first game played in Wilberforce, Minden came up big in the fourth inning scoring six runs to Wilberforce's two, and went on to win 12-4.

Kim Mumford again played well for Wilberforce scoring two runs. Sue Pye led the way for Minden with three runs to her credit.

In Minden Thursday night, Wilberforce played a strong defensive game but came up short at bat as Minden again defeated them by an 11-5 count.

Marg Fielding had a good night at the plate along with team mate Barb Winn who also made some terrific plays in centre field. Nelda Cully was on the mound for Minden, Sue Musclow for Wilberforce.

Good luck to Minden Dixie Lee in the championship round in "A" division.

In the West Guilford vs Haliburton Srs. series, Guilford downed the Srs. 6-4 in a well played game in Haliburton. Both teams played well defensively but the power hitters of Guilford were too hot for Haliburton to handle. Cheryl Cooper had a good night at the plate slamming in two RBI's and Bev Sisson played a strong defensive game for Guilford.

On Haliburton's side of the score sheet Kim Roberts scored two runs, one of which was a home run.

Joan McKay was the winner on the mound, Nancy Maughan the loser.

There was no report on the "B" division semi final between Minden Jrs. and Carleton.

One more note: Rosy Langstaff of the Haliburton Srs. suffered a severely broken leg in a game played in Guilford last Thursday night. Rosy sustained the injury sliding into second base. Everyone in the league wishes Rosy a speedy recovery.

The game ended in a protest.

Bicroft council

from page 2

The quotation received from Schwandt Lumber in Harcourt for the supply of materials to erect the Municipal Office and Library in the amount of \$22,500 was accepted as it was the lowest of four quotes.

The following persons were appointed to the Bicroft Summer Fair Committee for 1983: Joe Paul - Chairman; Fred Jones - Treasurer; Members - Lawrence Tomasi, Rod Penton, Al Baker, Steve Ryan, Lorne Ray, Isabel Reber.

The portion of the Old Monck Road adjoining Highway 121 and County Road 9 by way of the softball diamond was designated a private road.

The sewer at 8 Monck Road will be replaced to connect directly to the main rather than to the manhole as is the present situation. Cost is to be incurred by municipality.

After presentation of the problem Acie Easton refrained from voting and declared conflict of interest.

The resolution from the County of Northumberland petitioning School Boards to collect their own tax was supported.

Municipal property being part of Lot 30, Con. 10, adjacent to McGillivray Road, opposite property owned by Elizabeth Watson, will be set aside for future road improvement to be done by the County of Haliburton. Exact requirements will be established by the County Engineer.

Siegfried Trautwein will be hired as the Canine Control Officer for a period of three months being a probationary period following which it will be determined whether continued employment or termination will occur. Date of employment will commence July 2, 1983.

Dysart et al council

A regular meeting of Dysart Municipal Council was held in the Council Chambers on Monday, August 8, commencing at 10:00 a.m. Members present were: Murray Fearrey, Gary McKnight, Dorothy Baker, Sidney Cooper, R. Glen Hodgson, Lloyd Leadbeater, John Parish, Howard Roberts, Rd. Supt., Wayne B. Wood, Clerk.

General Accounts totalling \$78,131.06, Road Accounts totalling \$63,808.07, and Social Services totalling \$8,751.19, were approved for payment.

Elliott Jennings was granted a license to operate a Taxi within the Municipality.

The request of Paul Brown to renovate the small house on his lot was refused. The building may only be used as a storage shed or shop for his electrical business unless property is rezoned.

The Clerk was authorized to forward the necessary letters to allow the Haliburton Rotary Club to utilize the Curling Rink for a Dance, Friday, August 5, 1983, under the auspices of the LLBO. Council concurred with the recommendation of the City of Toronto and request that Day-Light Saving Time in 1984 and subsequent years be extended from the first Sunday in March to the first Sunday in November.

Norman Clift of Lot 26, Concession 3, Guilford, was granted permission to improve his beach in accordance with his application to

and approval from the Ministry of Natural Resources.

Miles M. Roberts was granted permission to utilize a portion of the old Kennaway Road to gain access to his lands being Lot 24, Concession 6, Dysart, and the Ministry of Transportation and Communications will be requested to concur with this resolution.

Seventy-five Haliburton Stickers will be provided for the third Annual Pathfinder "Kalgik" (girl Guides) at Camp Adelaide.

The Ministry of Transportation and Communications will be advised that Council wishes to have subsidy on their 1983 Supplementary Allocation calculated under the Needs/Resources System.

Basil Boice will be refunded \$81.28 (one user fee) since his basement apartment is not rented and in fact no longer exists as an apartment.

The Station Gallery was granted permission to use the Band Shell, July 18, and August 19, 1983, in sponsoring a musical presentation by the Cobourg Summer Canada Student Group.

The Municipality established a Planning Advisory Committee to assist the Council in its consideration of planning matters. More particularly, this committee shall: Report to the Land Division on consent applications; Make Recommendations on development propo-

sals, Official Plan and Zoning Amendment applications; Investigate and report on specific planning issues; Develop long term planning policies for Council's consideration.

The following persons were appointed to the Planning Advisory Committee: Lloyd Coneybeare, Earle Sisson, Deeno Pearsell, William Davis, Gary McKnight, Sidney Cooper, and Murray Fearrey - Ex Officio.

Sidney Cooper, Dorothy Baker, Gary McKnight and R. Glen Hodgson were appointed a Committee of Council to hold public meetings as required under the Planning Act.

The Reeve and Clerk were authorized to enter into the Agreement as prepared by the Ministry of Transportation and Communications to cover 1983/84 Winter Maintenance on that portion of old Highway 519 at Eagle Lake

The Storm God Comes

A strange light is cast
Over the earth, on wave, on tree.
Great clouds reflect again this light;
Now darkened day is deep as night,
While birds wheel off in nervous flight.

The air is hushed -
Quiet the earth, the wave, the tree -
It is not peace falls thus o'er all,
Not peace that stuns the birds' sweet call,
Nor soothing night this gloomy pall.

Deep, a distant rumble,
Then again and yet again. Now grow
Dark-piled cloud masses, deep-rimmed as snow;
Tall trees grown gaunt are swept down low ---
The stage is set for drama's show.

Then tumult wild!
In fury, fierce the heavens rend.
Before the blast does nature bend,
And all shall know before its end
What power the Storm God thus can spend.

Violence cannot endure.
Shown again is the gentle side
Of nature. Calm now the tide,
Birds sweetly sing, past need to hide,
And the rainbow promise arches wide.

Jean A. Frazer,
Gooderham, Ontario

Ouch!

I never thought I'd live to see
Mosquitoes quite as large as me,
But every time I get a bite
I feel they've grown up to my height!

Just Wishing

I wish I could have been the one upon the cross
The Roman soldiers guarded on that hill.
I could have taken Jesus' place;
It would have been my will.

I could have even been that sinner hanging near
Whom Christ forgave --
Then in sweet Paradise we would be --
The Lord and me!

I could have come back to earth, although --
The Bible tells me it isn't yet so.
To reappear on earth was Christ's time-eventful
art,
And Calvary and Easter Day were just three days
apart.

I know that's something only Christ can do;
An extrasensory feat for me or you.
And so upon this little earth we stay,
Just wishing that we could have been
Up---on the hill---that day.

Jean Goff,
Gooderham, Ontario

These vegetables were among the entries in the Minden and District Horticultural Society's annual show last Thursday and Friday at the Minden arena.

Senior League

by BERT HARRISON
at Hyland Crest Home

Dear readers, the weather has been so bloomin' hot but they say it's getting better so guess I'll just take a chance shot and write this letter. It was so warm for the Chapel service Sunday night that not too many were there.

Harold Thompson read the lesson, Alice led in prayer. Rev. Burgess took his text from Matthew sixteenth chapter, verse twenty-one. Jesus and his disciples he had this to say. We would suffer many things, he was killed and rose again the third day.

Doris showed us interesting films Monday night. Waterways to Explore, Island Eden, and Birds Galore.

Carl Dugan is back from two weeks holidays to the same old grind. He said it

wasn't much of a holiday he worked most of the time. Jack Shaw, who has been on holidays, just came back today. Different ones filled in for him while he was away. Nurse Griffin has been on holidays; she seemed so glad to go. She is just as glad to be back again; she missed us children so. And head nurse Melinda Wood has this report: the holiday was lovely but the time was just too short.

Tuesday afternoon was games time. We played but didn't win. Fred Parker was my partner but we will try again.

It is nice to have Linda back again with that cute little smile and dimples in her cheek. She had been away a week.

Millie Wood had a nice time Sunday. We always

miss Millie when she is away.

Tuesday morning Rev. Wicks from Minden Gospel Church conducted the service in the Chapel this lovely August day. He gave us a really interesting message on happiness. Agnes came to play.

We have a new resident; James Iles came to live at Hyland Crest. We welcome him and we know he will fare the best.

It was nice to have Al and Lil Rawlins with us again, but they tell us they haven't long to stay. In just a few days they're away.

Doris played baseball Saturday night and her team won, but Doris hurt her ankle which wasn't much fun.

Rails End News

by Marnie Blair

Visitors to Rails End Gallery are naturally eager to see Robert Bateman's paintings in the "Retrospective Exhibition" of his work. The work of the artists in the Waiting Room Gallery is designed to compliment the theme of nature prevalent in Robert Bateman's paintings.

The Waiting Room Gallery features the work of artists who are interested in Canada's wilderness and its flora and fauna: Daphne Lingwood, Laura Heathcote, Gordon Peters and Liza Chiu.

Daphne Lingwood owns and operates a successful leather accessories and sculpture shop in Caledon East. Daphne began designing leatherwork 25 years ago. From then her business has mushroomed to include 6 employees and a thriving cottage industry. But the shop in Caledon East displays only a fraction of her work; she enjoys a thriving retail business.

Yet, if Daphne is an adept businesswoman, she is also an artist with a love for nature. Her leather jewellery is based on careful study of wild flowers. The delicacy of trilliums, wild roses, lady's slippers and other flowers of the field is captured on stick pins, earrings, brooches and necklaces.

Laura Heathcote is a professional artist who has worked in many mediums. She has illustrated and designed for embroidery and batik. She is presently working with stained glass, exhibiting in locations such as the O'Keefe Centre, St. Lawrence Centre and the Toronto Dominion Centre in Toronto. Her work at Rails End Gal-

lery includes stained glass designs of racoons, fish and waterfowl framed in pine or oak.

Gordon Peters' watercolours depict Canada from shore to shore. The fields of Saskatchewan, the mountains near Banff, and the old barns which can be found across Canada are all portrayed in subdued tones. Peters' work is widely represented in Canada's corporate collections. Noranda Mines, IBM and A.E. LePage all recognize the beauty and value of Peters' work.

Liza Chiu's water fowl decoys display detailed craftsmanship. A close atten-

tion to detail entails individually carved tail feathers and delicate painting. The Canada Goose, Wood Duck, Mallard Duck and Bufflehead would fool any duck.

"Robert Bateman - A Retrospective" continues at Rails End Gallery until September 5, Tuesday to Saturday, 11 a.m. to 5 p.m. and Sundays 1-4 p.m. On Wednesday August 24, at 8:00 p.m. present will be "Images of the Wild" and "The Nature Art of Robert Bateman", two films about Robert Bateman. Contact Rails End Gallery for more information.

Letters

from page 5
writer know it is "promoting Morgentaler"? Does not the fact that the writer is male disqualify him from expressing such strong anti-abortion views? He'll never need one. I firmly believe that I, too, am a law-abiding citizen, but would like to see clinics "appearing and flourishing along the lines of Mac's Milk outlets"; and I have no "abhorrence of such establishments". Obviously, many pro-choice women and others would prefer such clinics to be for the dissemination of information and devices for conception control. Unfortunately we have far too few such visible public facilities -- that's one reason abortion is needed.

At a time of concern about overpopulation, unemployment, possible nuclear war, and diminishing resources, this world does not need more people.

Yours truly,
Helen Hansen,
Willowdale, Ontario

Drag Lake cottagers get together for fun

Events provided plenty of laughs, even if some people did end up doused in egg

The fine weather returned in time on Saturday for the annual Fun Day of the Drag Lake Property Owners Association. As in the past, cottagers from all over Drag Lake converged on the field by Haliburton Lodge, for the events which started at 11:00 and ended at 3:00.

The day started off with nail-driving competitions, horseshoes and volleyball. After lunch, there were the sprints, balloon races, three legged races, potato sack races, tug-o-wars and the egg toss.

Winners in the various events were as follows: **Nail driving** - Boys under 13, Vincent Breglia, 1st, Glen Wilson/David Wiseman 2nd; Girls under 13 - Susan Simmons 1st, Cheryl Wilson, 2nd; Men - Jack Brake 1st, Jim Leighton/James Darrell 2nd; Women - Nancy Wilson/Marg Copeland, 1st, Valerie Walls 2nd.

The egg broke!

Girls beat boys in Tug-of-war

Sprints: 4 and under - Curtis Reynolds 1st, Robbie Booth 2nd, Carolyn Darrell, 3rd; 5 & 6 - Michael Darrell, 1st, David Naulls 2nd, Mark Ebdon 3rd; 7 & 8 - Kylie Booth 1st, Meaghan Walls 2nd, Cheryl Wilson 3rd; 9 & 10 - Glen Wilson 1st, Rodney Hentschel 2nd, Sarah Walls 3rd; 11 & 12 Boys - Vincent Breglia 1st, Jason Lodge 2nd, Todd Howe 3rd; 11 & 12 Girls - Susan Simmons 1st, Jennifer Hession 2nd, Kristen Booth 3rd; 14 & under Boys - Brent Fallis 1st, Vincent Breglia 2nd, Glen Wilson 3rd; 14 & Under Girls - Susan Simmons 1st, Karel Hallen 2nd, Kristen Booth 3rd; 15 & Over Men - Stan Krolnek 1st, Jim Leighton 2nd, Dave Leighton 3rd; 15 & Over Ladies - Trish Morrison 1st, Marg Copeland 2nd, Diana Ferguson 3rd.

Catch it!

Balloon Race: 5 & under - Robert Brake 1st, Michael Darrell 2nd, Carolyn Darrell 3rd.

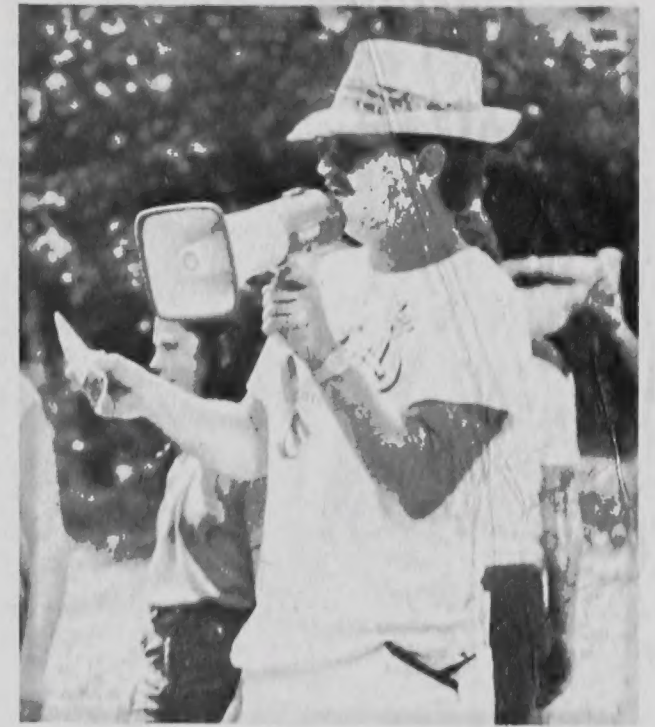

Three legged races: under 10 - 1st Meaghan Walls/Cheryl Wilson; 2nd - Sarah Walls/Kylie Booth; 10-12 - 1st Jason Lodge/Brandon Brake; Under 16 - 1st Kristen Booth/Jennifer Hession; 2nd - Christine Beadle/Laura Brannan; Men - 1st Tom Sayliss/Helmut Biemann; 2nd Bill Booth - Mike Beadle; Ladies 1st - Dorothy Biemann/Martha MacDonald; 2nd Marilyn Booth/Marg Copeland.

Potato Sack Races: Under 6 Kimberly Botnick 1st, David Naulls 2nd, Mark Ebdon 3rd; 6-9 - Sarah Walls 1st, Cheryl Wilson 2nd, Rodney Hentschel 3rd; 10-14 Kristen Booth 1st, Susan Simmons 2nd, David Wiseman 3rd; Men over 14 Bill Wilson 1st, Tom Sayliss 2nd, Helmut Biemann 3rd; Ladies over 14 Martha MacDonald 1st, Trish Morrison 2nd, Nancy Wilson 3rd.

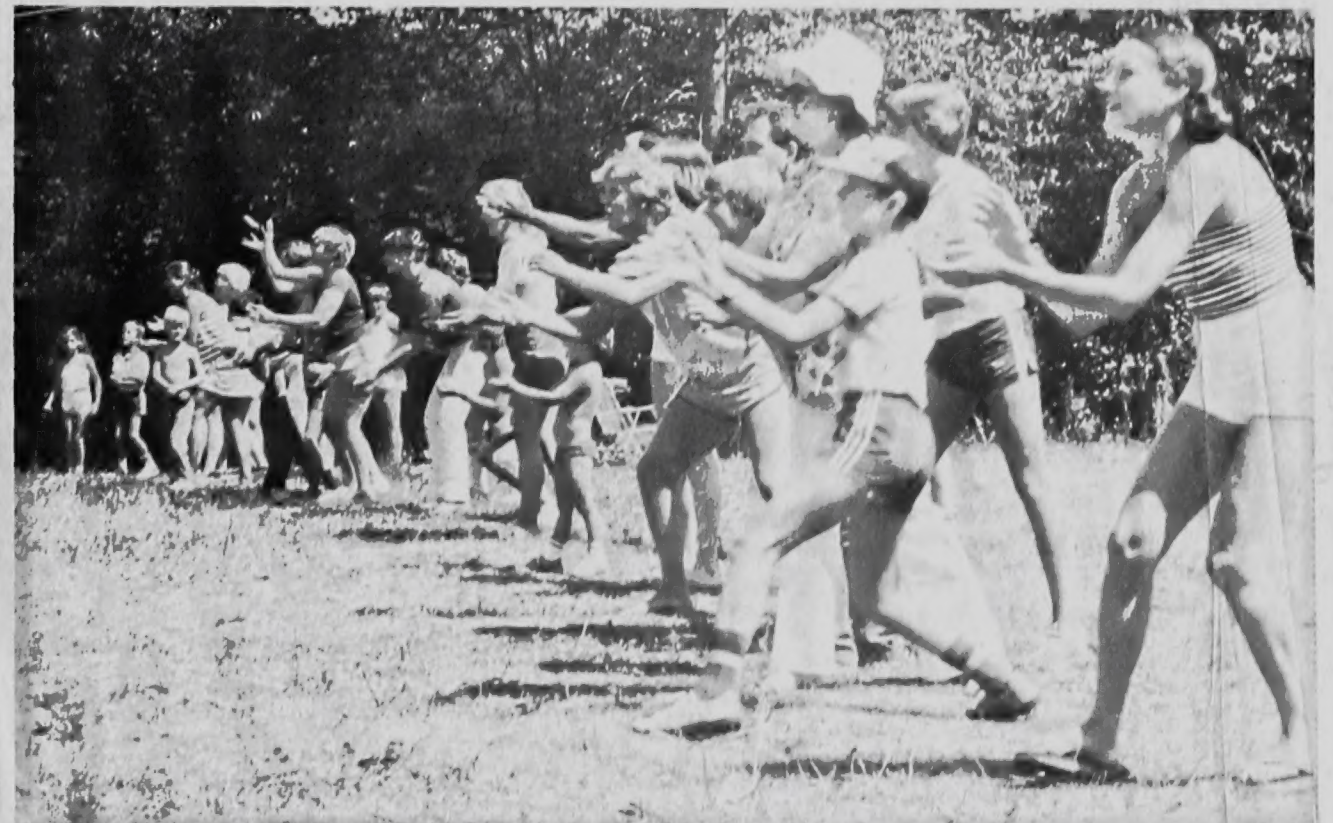

Tug-of-War: Boys vs Girls - the Girls Won! Men over 35 vs Men under - The Old men won it!

Egg Toss: The winners were Kristen Booth and Mike Beadle.

The successful day concluded with the lucky draws, conducted by the DLPO president Howard Chandler.

Getting them organized

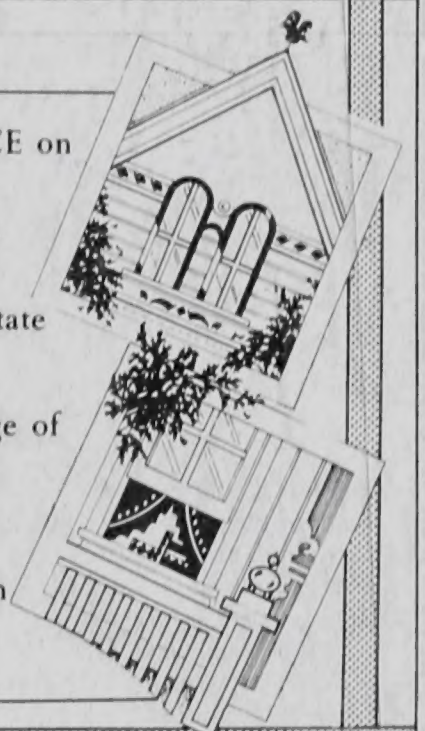

Awaiting their fate

ANNOUNCEMENT

For 25 years Modern Electric has been Serving the Haliburton County and District in the Electrical Contracting Business.

I am pleased to Announce that WARREN PAYNE and WAYNE FAWCETT have taken over the responsibilities of continuing the operation of William Payne & Son Ltd. (Operating as Modern Electric)

Both have a wide knowledge of the area and will continue to give you service with a smile.

Remember, that Old Fashioned Service, combined with Modern Techniques equals the Best Service.

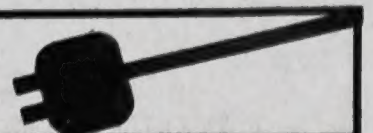

Although Wayne has only been in this area for the past five years, he has made friends with his courteous attitude and will continue to give you the Best Service possible.

Warren was raised in Haliburton County and has been associated with Modern Electric from the time he could carry a lunch pail.

I wish to extend my Best Wishes to Warren and Wayne for a continued prosperity in the Electrical Contracting Business, and trust that you will extend them the same Courtesies.

WILLIAM PAYNE

MODERN ELECTRIC

TOWNSHIP OF MONMOUTH FINANCIAL STATEMENT

AT DECEMBER 31, 1982

To the Members Council, Inhabitants and Ratepayers of the Corporation of the Township of Monmouth

We have examined the balance sheet of the Corporation of the Township of Monmouth as at December 31, 1982 and the statements of revenue and expenditure, capital fund operations, continuity of trust funds, and reserve and reserve funds continuity for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the Corporation of the Township of Monmouth at December 31, 1982 and the results of its operations for the year then ended, in accordance with generally accepted accounting principles for Ontario municipalities applied on a basis consistent with that of the preceding year.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 1982

1. Accounting Policies

- Statement of Revenue and Expenditure
This statement reflects the revenues and expenditures of the revenue fund. There are no local boards or municipal enterprises consolidated in these results.
- Statement of Capital Fund Operations
This statement reflects the capital expenditure of the municipality to be recovered from the general municipal revenue of the municipality.
- Balance Sheet
This statement reflects the assets and liabilities of the revenue fund, the capital fund, reserve funds.
- Fixed Assets
The historical cost and accumulated depreciation of fixed assets is not reported for municipal purposes. Instead, the "Capital outlay to be recovered in future years" which is the aggregate of the principal portion of unmatured long term liabilities, capital funds transferred to other organizations, and the cost of capital projects not yet permanently financed is reported on the Balance Sheet.
- Municipal Enterprises
There are no municipal enterprise activities carried on by the municipality.
- Charges For Net Long Term Liabilities
Debt retirement costs including principal and interest are charged against current revenues in the periods in which they are paid. Interest charges are not accrued for the periods from the date(s) of the latest interest payment(s) to the end of the financial year.
- Trust Funds
Trust funds administered by the municipality amounting to \$3,205 are only reflected in the Trust Funds, Statement of Continuity and Balance Sheet.

2. Capital Outlay To Be Recovered In Future Years

Capital outlays, including fixed assets and the transfers of capital funds in the amount of \$18,867 which have been financed from general municipal revenues of the current year, are reported on the Statement of Revenue and Expenditure.

3. Reserve Funds

During the year \$5,714 were credited directly to reserve funds without being recorded as revenues and expenditures of the Revenue Fund. Major sources were:

Interest earned \$ 5,714

4. Net Long Term Liabilities

The balance for net long term liabilities reported on the Balance Sheet is made up of the following:

Total long term liabilities incurred by the municipality including those incurred on behalf of former school boards, other municipalities and municipal enterprises and outstanding at the end of the year amount to \$ 46,314

5. Accumulated Net Revenue At The End Of The Year

The balance in the revenue fund at the year end is available to reduce (to be added to) the levies of the following classes of ratepayers.

	1982	1981
General ratepayers	\$ 24,024	\$ 23,125
School board ratepayers	253	313
Region (County) ratepayers	43	12
	<u>\$ 24,234</u>	<u>\$ 23,450</u>

6. Charges For Net Long Term Liabilities

Total charges for the year for long term liabilities were as follows:

	1982	1981
Principal payments	\$ 9,487	\$ 8,774
Interest	4,151	4,893
	<u>\$ 13,638</u>	<u>\$ 13,667</u>

Of the total charges shown above \$13,638 were paid from general municipal revenues of the municipality and are included in expenditure on the Statement of Revenue and Expenditure classified under the appropriate functional headings.

7. The preceding data has been extracted from the audited 1982 Financial Report of the township. Copies of the 1982 Financial Report are available at the Township Offices to any resident who wishes to review or analyze the financial operations of the Township in greater detail.

Second Section

THE HALIBURTON COUNTY ECHO

THE ECHO AND RECORDER, Wednesday, August 17, 1983, Page 11

More to the Echo than meets the eye

It's Wednesday morning and you've just picked up your copy of the Echo. Even before you open it, you have a pretty good idea what it will contain. There will be stories about decisions made by local councils; stories about accidents, storms, fires, if any of these things have happened in the last week. There will be reports on local sports teams, news from community correspondants, letters to the editor, editorials, and columns from the Chamber of Commerce, local provincial and federal representatives, and other sources. There will be photographs taken at local events, and perhaps a feature or two about local people and organizations.

Along with all of this, you'll find advertisements from local merchants, a directory of contractors, a listing of places to eat and events to attend, and up to two pages of classified advertisements that offer articles for sale and provide readers with many kinds of information.

All of this is the package known as a community newspaper. There are about 200 such papers in Ontario alone, ranging in size from eight pages to a hundred or more, produced in communities of five hundred people, and cities of hundreds of thousands. They are an industry, organized into an association and respected for the contribution they make to life in Canada.

But have you ever wondered how this package of information and advertisements is made? Where do the stories come from? Who takes the pictures? Where are they developed and printed? How many people does it take to create the Echo each week? Why are there advertisements? How do words get from someone's head to the printed page?

It's a complicated process that demands a variety of skills, made possible by a number of recent technological innovations. It's also a chal-

lenging, sometimes frustrating way to make a living.

The paper you read on Wednesday actually began to take shape a week ago. For Echo employees, Wednesday, not Monday, is the beginning of the week.

For editor Len Pizze, the production of next week's paper begins with a look at the issue that has come back from the printers Wednesday morning. A quick glance tells him whether any glaring mistakes have been made in layout or headlines, and whether or not the printing job has done justice to the photos and stories.

Next he looks at the advertisements to see what events will take place in the community over the next six days. The coming events notices in the classified section are a good source of this kind of information, as are larger display advertisements. Events are noted down in an appointment book so they won't be forgotten. Since councils meet on a regular basis, the dates of their sessions are also noted in the book.

Over the next six days, Pizze will sit in on council meetings to take notes on discussions and decisions. Since he has overall responsibility for the content of the newspaper, he must decide what events should be covered, and in what way. And since the newspaper does not employ any other reporter, he must strike a balance between the demands of the job and the need for free time. If there are events on weekends, he must cover them, taking notes and photographs. In an average week, some 60 hours are consumed in gathering the news, writing the stories, developing and printing photographs and putting the paper together.

The day after a council meeting, Pizze checks his notes, makes calls to clarify anything he hasn't understood, or to ask for documents that relate to

particular stories. Then the writing process begins.

News, features, editorials, sports stories, and picture captions are pounded out on an old but practically indestructible Underwood typewriter. A story that takes two minutes to read may take two hours to write, working from notes. A single feature may consume a whole day of travelling, interviewing and writing. With an 18 or 20 page paper looming, the job is one of constant pressure.

People who depend on the newspaper to tell them what is happening in the community often think that the newspaper knows about everything that goes on within 40 miles of the office. That just isn't so. Sometimes news is missed because no one at the Echo knew an event was taking place, or that a particular decision was made. And sometimes there just isn't very much going on, so news stories are hard to come by. At those times it takes a creative approach to make stories where

with a pen and adding instruction marks for the typesetter, who will take the story and retype it into a computer based machine that creates the type as it appears in the newspaper.

This machine, a marvel of electronic wizardry, makes it possible for three or four people to produce a newspaper that could not have been made by three times that many employees only decades ago. Stories can be set at varying widths and in four sizes of type; eight point for classified ads, nine point for stories inside the paper, 10 point for front page copy and columns, and 12 point for editorials. As the words are retyped, the machine stores them one line at a time, then prints them onto a narrow strip of light sensitive paper, making each margin even in a process known as 'justification'. Hundreds of lines of type are put on the paper strip and stored in a cassette. When the cassette is full it is taken out of the machine and placed in an automatic processor which develops the photographic strip in seconds,

Minutes to read, hours to write

none are obvious. Perhaps there's a story in the hot weather, so the local weather observer is called. Maybe there's talk in the community of bear problems near cottages, so ministry of natural resources officials are contacted and asked to comment.

By Friday it is becoming obvious whether or not there will be enough news to fill the number of pages that the paper will probably contain. If there isn't, there's nothing to do but dig in a little harder and try to get as many words and pictures as possible out of everything that is taking place.

By Monday the final push is on. News stories are listed in a 'budget' and written one by one. Once the story is typed, Pizze sets it aside for a few minutes, then edits it, making improvements

revealing crisp black type against a white background. These strips of typeset stories are then hung up to await proof reading and layout in the newspaper.

Along with the stories written by Pizze, there is news from correspondents, stories submitted by local organizations, and the political columns and letters to the editor. Each of these must be carefully read and edited to grammar and clarity. These too are sent back to typesetter Terry Carr, who spends an average of 10 hours at the machine on Monday.

Films are developed in the Echo's small but well equipped darkroom on Monday afternoon and evening. Once dry, they are laid on a sheet of

Please turn to Page 12

Donna Brohm and Creighton Feir discuss an ad

Tools of the trade -- advertising art, knife, ruler and decorative tape

Advertisements the lifeblood of newspaper operation

Darkroom enlarger

from page 11

photographic paper and exposed to the light of an enlarger to make a 'contact' sheet. On average at least three times as many pictures are taken and developed as are used in the paper, but sometimes 10 pictures are taken for every one used. At less busy times of the year Pizey does the darkroom work along with his other duties, but this summer, university student Steve Dawson has been working part time at the Echo to help out with photography.

From the contact sheets, Pizey chooses the pictures he wants to print, and notes what size he wants them to be. Printing is done in an automatic processor which develops the picture in seconds once it has been exposed to the negative image under the enlarger.

Finished pictures are also set aside until the time comes to put the paper together.

While Pizey has been gathering and writing the news and taking photographs, advertising manager Creighton Feir has been playing his part in the preparation of next week's issue. His job is to sell the advertising space in the Echo. To do this, he makes the rounds of local businesses, discussing what items merchants want to promote that week, and how much space they would like to use to do so.

Advertising space is sold on a column inch basis. Each inch of space in each column costs \$2.50 cents. Thus an advertisement that is two columns wide and five inches high costs \$25.

Circulation, or the number of copies of the newspaper that are sold each week, plays an important part in the cost versus value advertising equation, but that concept is not always well

understood. Since the purpose of an advertisement is to convey information to potential customers, the more people who see an ad, the more value it has to an advertiser. So the relative cost of using one vehicle for advertising as opposed to another, can only be assessed realistically in terms of the cost per potential customer. In the Echo's case, the paid circulation is almost 5,000 copies per week. If a newspaper had half the Echo's circulation but charged the same advertising rate, the cost to advertise in it would be twice as high per potential customer. This is the cost that corporate advertisers look at when they consider which medium to use.

The number of pages each week's newspaper contains is related directly to the number of inches of advertising that have been sold by five p.m. Monday afternoon. To meet its costs, the Echo must have more than 50 per cent of its space filled with advertising on a year round basis. That target is not always reachable, and as a result, the newspaper must struggle constantly to balance costs against the need to report the news. And the costs are high. Printing ink and newsprint prices have risen by 90 per cent in the last few years. Typesetting paper and chemicals, camera equipment, film, advertising supplies, mailing and other costs have risen dramatically. These costs are fixed, and only through advertising revenue can they be met.

Once all of the week's advertisements have been gathered, they are recorded on 'insertion orders', which are printed forms used to note the name of the advertiser, the size of the ad, and the cost. One copy will be used for billing purposes, another given to advertising layout artist Donna Brohm along with other information about the ad, and a third copy kept for Echo files.

Each advertiser's message is written out and handed to Brohm, who works Monday and Tuesday. She types the messages on a second typesetting machine which works very much like the news typesetter, but which can produce words in eight different sizes and many type styles. This machine is also used to make the headlines that appear above news stories in the finished paper.

To make advertisements more interesting, art

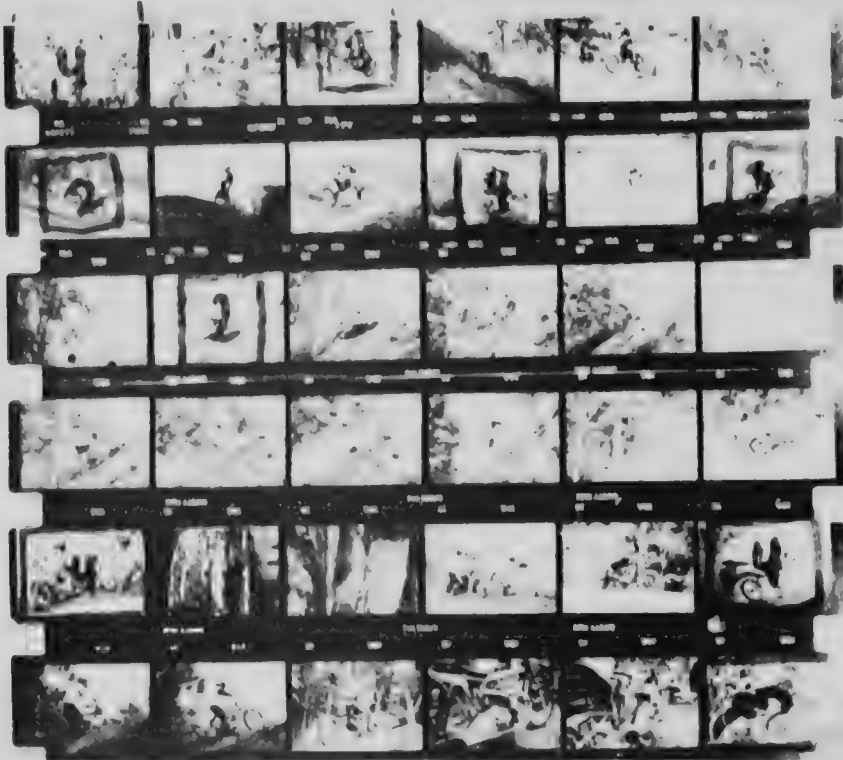

work is often included. This comes from large books which the Echo purchases from art suppliers on a monthly basis. There are dozens of such books on hand at all times, and Brohm must know where to look to find a drawing of everything from a cucumber to a new car, from a cup and saucer to a fur coat.

Once she has found the piece of art she wants, she cuts it from the book using a razor sharp layout knife. Ads are then put together using the words, art work and decorative tape from hundreds of rolls kept on hand. The words and pictures are passed through a waxing machine so they will stick to the hard paper on which she creates the ads. Using this system, each piece can be picked up and laid down again as often as needed, until a pleasing balance has been struck and an attractive ad created. Even the smallest advertisement may take many minutes of exacting work to put together, and may contain dozens of individual pieces put together in a kind of jigsaw puzzle. Like typesetter Carr and editor Pizey, Brohm sometimes must work long hours on Monday and Tuesday to get the job done, especially if there are many ads to be made in a given week.

By Tuesday morning, Brohm is busy putting together ads, Carr is typesetting stories, Feir is checking on the progress of the week's advertising, and Pizey is banging out the last of the week's stories.

Once that is done, usually by noon hour, he turns to the week's final writing task, the editorials. These are opinion pieces that focus on the background of local events and that try to spell out what is good or bad in the paper's view. Many community newspapers write editorials about national issues. Pizey doesn't, because he believes that to be useful, a local newspaper must concentrate on local affairs. That can sometimes be difficult, especially since there's a good chance that the councillor or club president whose decision or approach you criticize may meet you at the post office the next morning. But only by taking a fearless approach to local issues can the newspaper play a leadership role in the life of the community. And so the editor takes his lumps, stressing whenever he gets the chance that no offence is intended, and that its all part of the public role the job forces him to play.

With the advertising almost ready and the editorials written, its time to put the newspaper together. Next week, we'll show you how that's done.

Wrong containers filled, owner fined

A Palmerston, Ontario service station operator has been fined \$200 for failing to ensure his employees filled only approved gasoline containers.

D.J. Davidson pleaded not guilty to the charge, laid by the Fuels Safety Branch of the Ontario Ministry of Consumer and Commercial Relations, but was convicted in Provincial Court. An inspector with the ministry and an

officer with the Palmerston municipal police force testified at the trial.

The police officer had warned Davidson about filling unapproved containers on February 9, 1983. A week later, the fuels safety inspector saw a 200 gallon skid tank chained to the back of a truck being filled at the station. The Gasoline Handling Act makes it illegal to fill this kind of container at a

filling station.

The largest containers that may be legally filled are metal jerry cans or drums up to 45 gallons, bearing the appropriate BTC, CTC, or DOT mark. Also approved are containers of metal or plastic, one to five gallons capacity.

District News

THE HALIBURTON COUNTY ECHO AND MINDEN RECORDER

Gooderham News

by MARY HADLEY

A very pretty wedding was solemnized in Haliburton United Church on July 31 when Ida Dewey of Gooderham became the bride of Jeff Schultz. Rev. James officiated.

Ida looked lovely in her high-neck gown with Schiffli embroidered yoke. Bands of Chantilly lace trimmed the bodice and flounce. She wore a flowing veil.

She chose as her maid of honor Karen Gill and her bridesmaids were Lisa Barry and Maureen Billings. A friend of Jeff, Bob Drew-Brook acted as best man while the ushers were her brother, Fergie, and Bob Teague. Ginger Sharp made a charming flower girl and her brother, Glen, was ring bearer. Her bouquet was made up of yellow and white silk roses.

The candlelight service was impressive. The bride and groom each held a candle which they blew out signifying the leaving of their single lives while the third candle was left burning as a symbol of their being joined as one.

The reception was held at the Legion. A cousin, Karen Dewey caught the bridal bouquet and her brother, Keith, caught the garter.

The happy couple spent their honeymoon in the Georgian Bay and Lake Huron area.

Ida is working at the Haliburton museum until September when she will make her home at Tiverton.

Best wishes for health, happiness and prosperity are extended to the happy couple as they make their new home.

Norman Boothe, a brother of Hazel Bell, with his wife and son, are spending a week's vacation in Barr's cottage on Pine Lake.

We are sorry to hear that Ken Webster is a patient in hospital at Oshawa. We hope he will soon feel better and be able to return to his home.

Eva and Jack MacKay of London are holidaying in this area. Last Tuesday 22 of their friends who winter in Florida, as well as others, gathered at Graham's restaurant for dinner and a get-together again. This has become an annual event.

Bert Chamberlain, a brother of Mrs. Louis Mintz, spent a few days with his nephew, Earl Johnstone, and visited other relatives. Although 81 years of age, he

still enjoys his work as guard at a crosswalk in Newmarket.

We are glad to know that after a short stay in hospital due to pneumonia, Bob Hunter has been able to return to his home.

Dorothy Robertson has returned from a ten weeks' holiday in England and Scotland. She reports that the weather broke all records for its intense heat and lack of rain.

Grace Billings enjoyed a trip to Kingston and the Thousand Islands recently.

Decoration Day will be held at the Glamorgan cemetery on August 21. In case of rain the service will be held at the Pentecostal Church.

Mary Maxwell of Marmora accompanied by her brother, Ross, and his wife and son of Arizona, called on relatives and friends last week.

A surprise bridal shower honoring Deanna Bird was held Thursday evening in the Community Centre. The bride-to-be received many attractive and practical gifts for which she thanked those present. A dainty lunch and social time concluded the evening. Deanna will wed Ed Davis of Haliburton in October.

The U.C.W. met at the Pine Lake cottage of Marion James last Monday with an almost overflow attendance of 24. Grace Billings, president, conducted a brief meditation. Among the several guests was Pat Thorne who, before moving to Minden, presided at these meetings.

Marion gave an informative and interesting slide presentation of two trips she had taken to Newfoundland. With two friends she enjoyed a seven-day trip in a steamer which delivered mail and freight to the sparsely settled places along the coast. Her sunrise and sunset shots were especially beautiful and the pictures gave an understanding of life on the east and west coasts of this island province.

After a short business period Marion, also as hostess, served a lunch. Each summer she opens her cottage to this group who always look forward to her showing pictures of a recent trip.

Local Conservative Party supporters were out in full force in Kinmount Saturday evening for the annual Victoria-Haliburton P.C. association barbeque and dance.

Wilberforce News

In a recent article about the 50th anniversary of Terrace Inn we left out the names of Doug and Jean English who purchased Terrace Inn from Mel Broughton and ran the business from 1968 until 1973. It was then that the Oxenham family took over. I appreciate the correction on this piece of local history.

The wreckage caused by that recent storm is still being talked about. It looks as though the home of Max and Roberta Walsh was the hardest hit. Several pieces of electrical equipment were damaged and repairing the lot has been a costly business for the family. Birch Villa trailer camp on Grace Lake also felt the fury when a tall pine tree was uprooted and in falling just missed a row of cabins. The proprietor, Donnie Outram, during his spell of weather watcher on Global TV, was able to give a description of the event. He also added a boost to the area with news about a 16 1/2 lb. and a 12 lb. lake trout caught by one of their guests; then threw in the news about the coming Hill Climb at Wilberforce.

The annual barbeque of the Victoria-Haliburton Progressive Conservative Association, held in Kinmount on Saturday, August 13, drew a capacity attendance. Interest in the party is gathering speed as future success at the polls becomes a certainty. Another important

part of the day's schedule was in the hands of Jim Deterling whose duty it was to barbeque the meat. Jim knows how to roast a piece of beef to perfection and the aroma he raises during the process causes immediate pangs of hunger to all food sniffers. Jim became interested in this savoury art through his association with the late Gary Agnew, who understood so much about the preparation and presentation of food. Together they attended the annual barbeque in Kinmount and undertook the cooking of the meat. That was sixteen years ago and Jim has never missed a barbeque yet. Jim has the makings of a great chef, one who loves his work. Let's hope Toronto doesn't find out about his talents.

Next Sunday, August 21 the congregation of St. Margaret's Anglican Church will welcome the girl's choir from St. John's Norway church of Toronto. The following Sunday a boy's choir of 24 voices will attend the service. In charge of the choir is Mr. Reid who provides a week's vacation for the members at his cottage on Lake Wilberforce. Julie Kennedy will take the services which begin at 10 a.m. Don't miss these enjoyable programs.

We were invaded over the weekend by 4500 people who had arrived to see the Hill Climb. There was plenty of excitement in the air as the riders attempted the seem-

ingly impossible. Tom Reiser who was the second last rider in the 750 CC Class won the event but had the misfortune to be jolted off his bike to break his ankle. Steve Krauter won the 500 CC Class.

Among the spectators was Henry Shortt who was celebrating his 84th birthday. He was especially interested in the Climb remembering that back in 1929 he used to climb hills on his bike.

The local clubs prepared refreshments for this vast crowd with most of them shutting down after a sell out.

Norland Natter

by Kelly Graham

Well, I guess instead of discussing the weather, I will start my column on a cheery note. Do you remember the dog I mentioned last week. The stray, obviously abused and love-starved, turned up at Norland Discount Gas. I advertised for an adopter or a clue to its original owners. Well, luckily "Chancy" was given a home before my "tear-jerker" ever hit the press. Some of you may know Kathy Davey, daughter of Betty Davey in Norland. Kathy, married with two children has become the terrier's new "mommy".

The winner of Shirley Harrison's latest Wintario ticket was Rae Patullo.

If you have noticed some activity at the Norland Baptist Church during the past week it's probable you were seeing the participants of "Discovery Week". Discovery Week is a five day program of activities for children aged five and up. Some of the programs included were "Cartoons Day", "Mystery Day" and "Treasure Trail Day". I'm sure many children were able to take advantage of the fun things planned.

How many of you caught the spectacular show of Northern Lights on August 7? The show was one of the best display of lights ever.

While we're on the subject of astronomy - August 11 was supposed to be an excellent time for viewing falling meteorites. Since I've never seen a falling meteorite (or any meteorite, for that matter) maybe this is something I should look into.

The features playing at the Highland's Cinema in Kinmount for August 19 and 20 are "Chariots of Fire" (family, 7:00) and "High Road to China" (parental guidance, 9:30).

In this season of barbeques, I feel this recipe is most appropriate - Hot Potato Salad: 6 cups hot diced or sliced potatoes - about 6 medium potatoes, 2 tbspn. chopped chives or parsley, 2 tbspn. finely chopped scallions, 4 slices of bacon, crspsy fried and crumbled, 2/3 cup mayonnaise, 2/3 cup

French or exotic herbs salad dressing, 1/4 cup cider or wine vinegar.

Place potatoes in mixing bowl and add chives, scallions and bacon. Combine mayonnaise, dressing, and vinegar; blend. Pour over potato mixture. Serve hot or chilled. Make eight servings.

Terry and Shelley Janke and family, all from Norland recently returned from an enjoyable visit to Niagara Falls.

Hold on, we have a real scoop here folks. The NorCob Cats ladies baseball team have won their first game. Yess, it's true! With a score of 24 to 16 the team has defeated Kinmount. Congratulations, not only to the team, but to their coach, Ken Chynoweth.

The euchre scores for Thursday, August 11 were as follows, ladies high - Debby Chynoweth, men's high - Ken Bowins, ladies low - Laura Weaver, men's low - Roy Penrose, lone hands - Flo Penrose.

Well, that's all for this week. Remember you can reach me at 454-3707.

Agricultural Report

Victoria County 4-H Championship Show
Victoria County's 4-H Championship Show will be held on Saturday, August 20, 12:30 p.m. at the Emily - Omeme Community Centre. The show is held at the Victoria 4-H Fair and is open to all 4-H members in the county.

In the 4-H calf section, 4-H members will be representing the Dalrymple, Woodville, Little Britain, Fenelon,

Bobcaygeon and Omeme 4-H Beef clubs and the Little Britain and Woodville, Kawartha and Omeme 4-H Dairy clubs. Classes will include conformation and showmanship.

Winners in the showmanship classes will go on to the East Central 4-H Inter-County Show held at Lindsay Central Exhibition.

Each 4-H club will be setting up an educational exhibit.

In the morning, the Omeme 4-H Beef Club, the Omeme 4-H Dairy Club, the Kawartha 4-H Dairy Club, the Emily 4-H Pony Club and the Victoria 4-H Garden Club will be holding club Achievement Days.

The Victoria 4-H Fair is sponsored by the Emily Agricultural Society. The society provides rosettes and cash prizes.

Haliburton Hockey Haven

boys camp

THE GREAT HOCKEY EXPERIENCE

Haliburton Hockey Haven is introducing a special late summer pre-season camp for players of bantam to junior age. Enrolment is limited to ensure maximum individual instruction. It's a superb program of professional twice-daily on-ice sessions, hockey fitness, conditioning and training. An excellent way to prepare for the coming season. The camp begins early afternoon Sunday, August 28th with the first on-ice session and concludes Thursday, September 1st after morning intra-camp games.

Be with us! ONLY \$135.00 commuting daily from home or cottage. Call Mrs. Roberts at the Camp Office (457-2392) Monday - Friday, 9:30 A.M. to 4:30 P.M. for further details and enrolment.

NOTICE OF PUBLIC MEETING

TAKE NOTICE THAT a Public Meeting of The Liquor Licence Board of Ontario will be held at the COUNTY COURT HOUSE, COMMITTEE ROOM, 470 WATER STREET, PETERBOROUGH, ONTARIO, on FRIDAY, SEPTEMBER 9th, 1983 at the hour of 10:00 o'clock in the forenoon, at which time the Board will hear applications for new licences in accordance with The Liquor Licence Act, and Regulations thereunder.

The following establishments have applied for a licence of the class indicated, and the application will be entertained at the aforementioned location and time:

Chateau Woodland Restaurant
Township of Dysart Et Al (MA: Lot #8, Concession #7, R.R. #1, Box #564, Haliburton)
Dining Lounge Licence and Patio (Dining Lounge) Licence
Applicant: Laurel Cavalcade Services Limited

Glenroy Restaurant
Township of Stanhope (MA: R.R. #2, Minden)
Dining Lounge Licence
Applicant: Gisela Maria Klepeis, Alfred Josef Klepeis

AND FURTHER TAKE NOTICE that any person who is resident in the municipality and who wishes to make representation relative to the application, shall make their submission to the Board in writing prior to the date of the hearing, or in person at the time and place of the hearing. Copies of written submissions will be forwarded to the applicant.

MINISTRY OF CONSUMER AND COMMERCIAL RELATIONS
THE LIQUOR LICENCE ACT

Kinmount Korner

by **MILLIE MOSS**

Congratulations to Judy Bunnville of Galway Road who was the very happy winner of the three wheel all-terrain vehicle, won on a draw, at the Galway-Cavendish Summer Festival/83, held at the Kinmount Fairgrounds August 6. I'm told the whole day was a huge success.

I hope the young man at our river house, Mark Newman, is feeling much better very soon. Mark returned home Sunday after a stay in the hospital following surgery.

Helen and Alex Graham and Elizabeth Fryer of Norland enjoyed a barbecue at the Pyke home Saturday and on Sunday Mrs. Morgan, of Toronto, mother of Florence Noseworthy and her husband Walter, of Brampton were guests. Then on Monday, August 8, Roy and Heidi Rivers were visitors in the afternoon, later in the evening returning to visit with Bill and Jason Moss. Roy is with the Armed Forces stationed presently, at Shilo, Manitoba.

Happy birthday, also to Roy on August 13 when he will celebrate with some of his family from Minden and Haliburton.

Joan and Ken Hyams are enjoying the company of grandsons this past week. Sean and Ryan Luck of Toronto along with "Fritzi".

Archie Bowman suffered a serious injury to his leg due to an accident at South Lake Trailer Park, Sunday, August 7 and as of August 13 was still in Ross Memorial Hospital, Lindsay. I hope you're all healed very soon Archie, you're missed at T.J's.

Gerry Crego is now home from hospital following a heart attack and is coming along well. Gerry would like to thank all his friends for their cards, phone calls and get well wishes. They helped alot.

Welcome home to Bill and Mary Snoddon following their holiday in Pembroke and Quebec.

A Fun Dance was held at the Kinmount Legion Hall, Saturday, August 6 where Bernice and Art Owens were honored with the presence and congratulations of their friends along with a three tiered cake to help celebrate their sixteenth wedding anniversary. A good time was had by all. Warm regards were also passed along to the couple by the Legion.

Don't forget your fun bingo each Wednesday night starting at 8 p.m. at the Kinmount Legion Hall.

Herb Hancock has undergone surgery at Ross Memorial Hospital and is coming along.

I'm glad to hear Frank Smart is home from hospital and doing well.

Our sincere sympathy this time to family and friends of Doris Grace Welch who died in her 58th year in Toronto General Hospital, on Wednesday, August 10. She is survived by her husband Stewart, son Derwyn, daughter Maxine and four grandchildren along with her mother May (Mrs. Gord) Horsley.

The purpose of a meeting held at the Community Hall, August 8, was to organize a Hall Board. A by-law will be required to be passed by Somerville Council to appoint members to the Hall Board. Moved by Guy Scott and seconded by Terry Hartin - that everyone is agreeable to act except Guy. However, he is agreeable to help where required. Carried. Clayton Cameron was appointed Chairman for the meeting of that evening. A Financial Statement: A financial statement was presented from the Treasurer showing a bank balance of \$2,331.98. B. Request from Playschool: Mrs. Stender presented a list of items for consideration for the Kinmount Playschool children activities. They have been using the upstairs room for organized playschool. (1) fire exit - possibly through unused stairwell (2) electrical outlet in upstairs room (3) painting (supply of paint) for upstairs room. As well, funding for playschool through grant was requested. She presented a financial statement for the playschool. Teen dance was discussed which I have mentioned elsewhere in this column and all proceeds of this affair will go to the Hall. Carried. A New Year's Dance was discussed and Danny Foster has shown interest in being D.J. Mr. and Mrs. John Lonsdale wants to start Badminton lessons. Mrs. Stender wants exercise classes and yoga has been mentioned. Lights and roof repairs will also be requested from council. Next meeting is September 12 at 7:30 p.m.

Don't forget the open house to be held at Hyland Crest, Minden, on August 21 from 2 to 4 p.m. to honor Mrs. Eliza Chalmers on her eightieth birthday. Best wishes only.

Congratulations to Mrs. Leslie Soever, daughter of Joyce and Allan Brown, upon her win of \$30.50 in the 50/50 draw, last week, at the

Kinmount Legion.

The Recreation Committee of the newly formed Civic Action Committee are hard at work and are now busy preparing for the first teen dance to be held on August 19 from 7 p.m. to 11 p.m. at the Kinmount Community Centre. Refreshments will be served and all teens are cordially invited to attend and bring your favorite tape or record. Admittance will be \$1.50.

Supervisors will be Al and Flo Jopling who can be reached at 488-2060 and Tony and Janet Abela at 488-2606. Watch this column for future dates of dances. They should be lots of fun for our teens.

Thanks to all who have been asking about our son Bill. He was admitted to Ross Memorial Wednesday, August 10, taken to surgery on Thursday morning and believe it or not walked into our house Friday afternoon complete with bandages. He was prepped for one thing but something else was found in the form of a tumor the size of a baseball and weighing five pounds. Thankfully, following tests, results returned benign but as Bill says he's lost at least another five pounds. What a way to lose it though.

Kinmount Legion bingo was very well attended last Friday night with visiting folk from P.E.I., Pennsylvania, England, to name but a few. I hope all of you have a holiday to remember.

Don't forget our Horticultural Flower Show at Kinmount Legion Hall Thursday, August 18 - 3 p.m. to 5 p.m. and 7 p.m. to 9 p.m. Adults \$1, children .25 cents. Refreshments will be served.

Bill and Marie Card of Jackson's Point currently staying at Balsam Lake Provincial Park, visited with the Pyke family last week.

I'm told there are people who still ask where the bake shop is. Pat and Elaine's Bake shop is right next door to the laundromat on one side and T.J's on the other. Try it, you'll like it.

"Duck Feed": The sign at a campground advertises a real bargain: "Complete duck dinner for 15 cents." But then you're handed a bag of cracked corn to feed the 50 ducks on a nearby pond.

By the time someone says "To make a long story short," it's too late so with that in mind stay healthy and happy and be here to read the Echo next week. Due to our Flower Show there will be no fun bingo Wednesday, August 17, only.

Business magnate John F. Bassett Sr. spent some time at Wigamog Inn over the weekend and enjoyed a game of tennis. Shown with Bassett are owner Art Ward, centre, and tennis partner Norman Melnyk.

Coboconk News

Albert and Della Rattray of Edmonton, Alberta cousins of the Charlie Routley's were overnight visitors of the Routleys last week.

Jerry and Faye Bumbacco and family of Sault Ste Marie spent a few days with the Routleys and were in time to help celebrate Faye's Uncle Everett Fountain's birthday at the home of his daughter Dixie and husband Bob Anderson at Bobcaygeon.

Winners in the August 9 Seniors Euchre held in the Community Hall on Tuesday night were: Lillian Brown 82, Greta Reid 74, most lone hands - Bessie Sedgewick 4; consolation, Weldon Neal, 43; men's - Don Alguire, 82; men's - Roy Penrose 74; most lone hands - Don Alguire 7; consolation - Ross Faulkner 45; Bridge winners: first - Marion Holland 5160; second - Ed Holland 4720; consolation - Dorothy Grant 1330; previous week's winners were: Euchre - Elsie Cowan 82; Lulu Brentnell 77;

most lone hands - Elsie Cowan 5; consolation - Hilda Woodcock 36; men's first - Laura Irvine 85; second - Myrtle Lucas 6; most lone hands - Myrtle Lucas 6; consolation - Weldon Neal 41. Bridge winners first - Hal Wallace 4450; second - Jack Sims 4270; Consolation - Bill Grumwell 1070.

If you have some little folks at your house, there are daytime Bible programmes going on from August 15 to August 19 from 9:30 a.m. until 11:30 a.m. each day. There will be crafts, games, puppets, singing etc.

Let's all get behind Pioneer Days August 19 and August 20. There will be a horse draw at 6 p.m. in the Community Park area, and on Saturday displays, costume judging etc. A dance at 8 p.m. in the hall winds down the evening. Prices on hot dogs, cobs of corn, ice cream etc are "old time prices" and all the local merchants are co-operating to make it a fun day, at a very humble price and are counting on you to

make the day a success.

A dearly loved grandma, aged 93, died on Friday morning, Lizzie Hannivan (Mrs. Joe Hannivan) died at Case Manor, Bobcaygeon after many years of being an invalid. Our sympathy goes out to her faithful daughter, Betty of Moore's Hairdressing, her sons here and other family members. The funeral was held from her home church, Faith Tabernacle on Sunday. I was sorry to see Etta Hannivan hobbling about on crutches. Etta broke her ankle a couple of weeks ago so now is convalescing at home. I hope you can soon throw away the crutches Etta.

BUY A NEW HOME AND TAKE ADVANTAGE OF IMPORTANT TAX DEDUCTIONS

Deduct up to \$10 000!

As a result of the changes to the Registered Home Ownership Savings Plan, as announced by the Honourable Marc Lalonde in his budget speech of April 19, 1983, you may now be able to claim an additional tax deduction up to \$10 000, less total contributions made to your RHOSP in previous years, if you buy or build a new home.

Current RHOSP holders do not need to make additional contributions to their plans. If you never had an RHOSP but you are eligible for one, you may still claim a tax deduction of up to \$10 000. However, you must buy and move into your new home by March 1, 1985.

RHOSP holders, please note:

You may also make tax-free withdrawals from your plan up to December 31, 1983, to buy certain new furnishings and appliances, such as refrigerators, freezers, or drapes, carpeting, and other specific items.

Find out more!

For further information on how to save taxes when buying a new home or furnishings, write to RHOSP Booklet, P.O. Box 8212, Ottawa, Ontario K1G 3H7

Carnarvon News

Some 300 persons sat down to a roast beef dinner from 5 p.m. until 7 p.m. on August 10 in the Christian Education building. Flowers centred each table and a stranger might think it was a wedding reception. The UCW are to be congratulated on all the work it entailed.

A bridal shower for Cindy Fletcher took place in the C.E. building Friday night. Cindy will be married in October. She received many lovely gifts.

Mr. and Mrs. Al Rawlins motored here from their home in B.C. to renew old acquaintances. They saw a good many of their friends at the annual dinner and, of course, visited the Sr. Citizen's Home in Minden, where Lil spent so many hours as an overseer.

The Twelve Mile Lake and Little Boskung tourist association held their golf tournament in Minden with Doug Cowen and Craig Windsor bringing home the trophies. A number of the golfers gathered at Lew Tompkins for a huge barbecue.

Mr. and Mrs. Charlie Oatts and son Jamie of Wilfordale, Mr. and Mrs. Bus Birmingham of Florida and Burlington, cousin Hazel Austin of Colorado and Mr. and Mrs. Jack Parker of Toronto have all been guests of Hazel and Jack Gregory. The Gregory's have built a lovely addition to their home on Mirror Lake.

Ron and Gladys Lawson and daughter Debbie and husband of Bolton and baby Nicole Marie spent the week end at their cottage on Kashagawigamog. Gladys stayed and spent a few days with her mother Annie Miscio and sister Vera.

Mr. and Mrs. Francis Thomas and Mr. and Mrs. LaVerne Thomas spent the weekend in Sturgeon Falls with Mr. and Mrs. Marvin Thomas and family.

Mrs. Bill McKay and Rosemary Pigat are spending some time at the McKay cottage at Mataganie.

Bark Lake reunion set

The Ontario Camp Leadership centre on Bark Lake near Irondale is celebrating its 35 anniversary this Sunday. Former campers and delegates are invited to bring their family and friends and to renew old memories and friendships.

Lunch can be purchased or brought with you. Activity areas will be available for use all day and special ceremonies will take place between 2 p.m. and 5 p.m.

Agricultural report

Jennifer Batty has high score at Junior Day

Jennifer Batty of Cobocok placed first of 81 contestants in the Senior Section of the 4-H Junior Day Competition at Peterborough Exhibition. Jennifer had a score of 422 out of a possible 500. All competitors evaluated classes of beef, dairy and hay, and wrote a general quiz and an identification quiz.

Blaine Kennedy of Omeme was fourth in the seniors. Larry Bowen of Little Britain was twelfth. Evelyn Chambers of Oakwood was 15th and Graham Dyer of Dunsford placed 22nd.

In the Junior Section, Tim Teffy of #4 Lindsay was 13th. Blair Rodman of Little Britain was 16th. Mary Catherine Teffy of Lindsay was 30th and Ruth Lyons of Oakwood

placed 39th. There were 127 4-H members in the Junior Division.

The counties of Durham East, Victoria, Peterborough, Northumberland, Hastings, Prince Edward, and Lennox and Addington were represented.

Senior League

from page 8

If you are visiting here, you must drop down to the carpenter shop to see what Angus Coulter has on display, something he works at most every day. He takes old furniture, makes it look like new - chairs, tables, and what have you. He does a fine job you can see at a glance, so be sure and drop down when you have a chance.

We have a new nurse on our nursing staff; her name is Gladys Bowman. She is not afraid to work as you can plainly see. The Baptist ladies from Kinmount brought in a lovely lunch this Thursday afternoon, and not only served it so nicely but played

and sang some good old tunes. We wanted somehow to repay, so we played them some nifty tunes before they went away.

We have a new helper in our dining room, her name is Nelda Darby. She is doing a real good job, and seems quite hale and hearty.

Doris took some of the residents in the bus to the flower show. They said it was lovely; we didn't go. The Fred Ballards are back from holidays where they spent three weeks or so. He said he did the driving, his wife put up the dough. Friday afternoon our sing-song took a different twist. Guess who? We had Grace Colburne to assist. Well it was the lady of great renown who has a

letter in the Times and went around our county town. She also writes poems that are really fine. She and Grace sang together, we had a jolly time. And by the way, Fred Ballard the music did play.

Heart of love, There is beauty in the forest, where the trees are grown and fair. There is beauty in the meadow, where wild flowers scent the air. There is beauty in the sunlight and the soft blue above. Oh the world is full of beauty, when the heart is full of love.

Nelda Draper, daughter of Mr. and Mrs. Grenville Draper of Haliburton recently graduated from Seneca College with a Diploma of Nursing. Nelda is presently working at Hyland Crest Senior Citizen's Home in Minden.

by ERNEST HILLS

Well, it's fair time, and in an exciting and innovative change of pace the Farmers Association has amalgamated its 'farm tour' concept into an informative and entertaining display at the Haliburton County Fair in Minden. This will mark the first time the Farmers Association has taken such a direct step in participating with the fair board, in demonstrating the growth and momentum of agriculture hereabouts. Let's hope such cooperation can continue in the future, with the Farmers Association participating actively in a constructive way towards a bigger and better county fair.

The agricultural display will conceptually evolve around the fair's theme of 'the old and the new', with a wide range of farm livestock on hand, machinery displays, and other agricultural-related items. Where manpower allows members of the association will be on hand to answer questions and provide information to the general public.

As well this year the Haliburton County Farmers Association will be presenting a

float in the parade, once again to demonstrate the over-all theme of the fair with 'the old and the new'. As in the past, the Farmers Association will be sponsoring two competitions in the fair this year. The 'vegetable collection class', featuring a display of five varieties of vegetables, and a 'first cut hay class', with competition based on two 'flakes' of hay. Entrants in these two classes must be members of the Haliburton County Farmers Association.

See you at the fair! Owing to the wet spring and late start to many of the market gardens in the area, those participating in the farmers market every Saturday morning, have requested the market be continued through the early part of September. My personal thanks go out to those who have kept the market alive through these difficult conditions, with sales of baked goods, eggs, wood and syrup products.

Fresh produce has been hard to come by owing to the poor growing conditions this year, so let's hope for a specially good autumn re-

covery, and a prosperous market through September.

Dates to remember:
August 20 and 21 - The Haliburton County Fair, Minden

September 6 - at the Stanhope Library, 8 p.m. with Graeme Hadley of the Ont. Cattlemen's Assoc. regarding non-refundable licence fees under the Beef Marketing Act.

September 2, 3 and 4 - The Kinmount Fall Fair, Kinmount

September 11, 2 p.m. - The Haliburton Highlands Goat Society meet at the Community Hall in Gelert. Topic: Breeding to registered stock; or, bluebloods of the udder set.

A SHOPPER'S PARADISE
The Echo

Restaurant Dining

Summer voices lilting brightly
Through the golden noontime haze
Young the footsteps flying lightly
Surf and sand and summer days.

Summer voices in the evening
Sound around the fire's flare
With the magic moments deep'ning
in the dark enchanted air

Soft the voices, soft the laughter
As the moon begins its climb
Sweet the memories linger after
Summer voices, summer time.

HUDAC NEW HOME WARRANTY PROGRAM

Dysart et al council minutes

from page 7

as per schedule "A" attached to and forming part of the said agreement.

The Corporation of the Township of Dysart et al endorsed the Municipal Housing Statement prepared with the direct technical assistance of the Ministry of Municipal Affairs and Housing and requests a meeting with officials from the aforesaid Ministry to discuss the various methods by which the recommendations and objectives can be met.

The Reeve and Clerk were authorized to proceed with the option to purchase, Pt. Lot 9, Concession 10, Dysart (Wanda Orr Estate) from Reserve #1.

The Property Standards Supervisor instructed to ar-

range removal of the chimney at Eagle Lake (Page) provided all the requirements of the act have been met.

The application for amendment to the Zoning by-law by E. Demoustier was approved.

By-Law No. 83-5 will be forwarded to the Ontario Municipal Board, the Board to be advised that Council does not support the objections to the By-Law.

The owner of Lot 110, Plan 482, Dudley, was granted permission to improve and utilize the Road Allowance shown on Plan 482 to gain access to his lot. The owner is to be responsible for all legal, survey and construction costs in this regard.

William Emerson will be advised that Council recognize the encroachment on the road allowance, and are prepared to enter into a lease agreement for lands presently being occupied.

Council concurred in principle with the application by the Harcourt Community Centre for improvements to the Ball Diamond area.

Council reaffirmed the resolution of the Council of April 22, 1976, noting that they are aware of the encroachment of Laurel Yate-man, Part of Lot 3, Concession 4, Township of Guil-

ford, on the original allowance for road but have no intention of ordering her removal.

Bruce Baumhouer was appointed to the Harcourt Recreation Committee for the 1983 term.

The offer of DeSantos for Blocks "A" and "B", Registered Plan 482, Dudley, in the amount of \$8,000 was accepted with closure scheduled for August 12, 1983.

The meeting was adjourned at 3:35 p.m. until the next regular meeting, September 12, 1983, unless called prior to that time by the Reeve.

The Echo 457-1037

25. notices

NEW STORE HOURS: As of September 1, 1983, Haliburton Market will be open 10 a.m. - 11 p.m. 7 days a week. 25-P-24

If your family name is Brohm, Lyle, Chambers, Maguire, Valentine, Thomas, Hirstwood, Cameron, Archer, Marles, Faulkner, Irwin, Wallace, Sedgwick, Fearrey or Wessell, perhaps you are a descendant of Charlie, Caroline, Julius, John, Edward, Henrietta, Margaret or Henry Brohm, all of whom were children of the late Caspar and Hanna Brohm, who lived in the Miner's Bay area from about 1872 - 1890. If so, we would like you to join us for a "Brohm Family Reunion" to be held at Balsam Lake Provincial Park, Cobocok, on Saturday, August 20, 1983 (1-6 p.m.). The first two hours will be spent getting acquainted, followed by games at 3 p.m. and supper (bring your own) from 4:30 - 6 p.m. It is advisable that you bring lawn chairs and card table or T.V. trays in the event sufficient picnic tables are not available. Come see where you fit on the Family Tree, which now has more than 750 names on it! 25-NC-17

HALIBURTON LODGE is now licenced under the LLBO. 25-CA-17

CLASSIFIEDS ARE STEAMING WITH BUYERS AND SELLERS!

HAVE SOMETHING FOR EVERYONE

CLASSIFIED AD DEADLINE: MONDAY AT 5:00 P.M.

Galway Cavendish

Galway Cavendish municipal council considered the following at a meeting July 15:

Steven Wilcox attended the meeting at council's request to discuss his air service which he operates within the Cavendish area, with Pencil Lake as his home base. A petition from ratepayers on Pencil Lake was submitted to Council at the previous meeting and this was the main reason for Wilcox's attendance. One of the stipulations in the agreement between Spectra Aviation and the Township was that Wilcox would apply for a re-zoning on Part Lot 14, from "R R" to "Commercial". Wilcox informed council that a re-zoning application would be submitted to the Township within the next month.

Austin Henderson and Bill Scott attended the meeting to discuss the possibility of purchasing Concession A, Part Lot 42, Galway Township for the purpose of adding the land to the fair grounds property.

The Township will list the property on Concession A, Part Lot 42, Galway Township with Haugen Real Estate for \$13,000 and the Reeve and Clerk were authorized to sign the necessary papers.

Brian Ehmke and Wil Huels, members of the Special Ad Hoc Planning Committee established to prepare the New Official Plan, attended the meeting to review with Council the proposed new plan. The plan was reviewed by all members and several areas of concern were clarified and revisions made as appropriate.

Minden council

from page 2

the members have no objections if they continue to park on the unopened road allowance.

A letter was received from Irene Moore announcing her resignation from the Minden Library Board. Council directed that a letter of thanks be forwarded to her in appreciation of her volunteer work.

The portion of the original concession allowance between Lots 5 and 6, Concession A of Minden Township serving the baseball diamond, will be temporarily closed at 5 p.m. August 12, 1983 and re-open on August 15 at 7 a.m. for the purpose of the annual Minden baseball tournament.

Council agreed to approach the Ministry of Transportation and Com-

munication and make every effort to have the present water drainage pattern changed from Highway 35 to divert the flow away from The Brown Owl and back properties.

Council agreed to prohibit parking on Main Street on August 12, 1983 between the bridge and the bank corner and from that point to Northland Sales, pursuant to a request from Jack Brezina, for the purpose of the sidewalk sale.

Council agreed to construct a cement sidewalk from the Fruit Market to the hospital under the Co-Ed program on the condition that the funds will be reimbursed to the Co-Ed program in 1984 if required.

The Clerk presented a six month financial report according to the Municipal Act.
